

A great way to serve those in need...

Please see the list below of the items that we are currently collecting for those who have been devastated by Hurricane Michael.

****NO CLOTHING AT THIS TIME****

Here's how it works...bring in some items from the list below to our drop off boxes at Atonement (located next to the vending machine in the main lobby and church office), we will then pack up the items and pass them along-putting them directly into the hand of those who were affected.

Please only purchase/donate items on the wish list below-updated lists' will be put out as we get word of what specific needs are.

All items will go into the hands of those who were directly impacted.

THANK YOU for helping make a difference!
