

# Third Grade Summer Enrichment

## Math:

- Complete the Math baseline test.
  - This will not be graded for accuracy, but it will give me an idea of your incoming math understanding.
  - Complete every problem, if you are not sure make your best guess.
  - Show work on the page, next to the problem if needed.
- I encourage you to review addition and subtraction facts throughout the summer.

## Reading:

- Choose one book from the Magic Tree House series and complete the reading log neatly in cursive. The reading log should be written in complete sentences.

## Writing:

- Complete ten journal assignments 20 words or more over the course of the summer. These should have correct punctuation and spelling for second grade work and be written in cursive.

All of these things are due Friday, August 13<sup>th</sup>

I look forward to seeing you all in August and wish you and your family a blessed summer. I can be reached at [csoignier@alcs.org](mailto:csoignier@alcs.org)

-Mrs. Soignier

7. Which number below is the greatest?

- A 397                      B 793                      C 937                      D 773

8. Subtract:  $85 - 50$

- A 35                      B 25                      C 15                      D 30

9. If  $8 + 9 = 17$ , what does  $17 - 8$  equal?

- A 17                      B 8                      C 9                      D 11

10. What is the value of the coins shown below?

*nickel* ↘

↙ *penny*

- A 27¢                      B 15¢                      C 12¢                      D 17¢

11. What fraction of the stars below are shaded?

- A  $\frac{2}{6}$                       B  $\frac{6}{8}$                       C  $\frac{2}{8}$                       D  $\frac{1}{3}$

12. Which of these takes about a minute to do?

- A washing a car                      B watching a movie  
C tying your shoe                      D playing a game of baseball

13. What temperature is shown on this thermometer?

- A 60°F                      B 58°F                      C 62°F                      D 48°F

14. What fraction of this rectangle is shaded?

- A  $\frac{1}{3}$                       B  $\frac{3}{4}$                       C  $\frac{1}{4}$                       D  $\frac{3}{1}$

15. One hour is how many minutes?

- A 30                      B 15                      C 60                      D 45

16. Which figure below is a rectangle?

17. Which answer below shows the number six hundred seventy-two?

- A 6,072                      B 627                      C 60,072                      D 672

18. Add:  $9 + 2 + 7$

- A 18                      B 14                      C 99                      D 16

19. Which answer shows the numbers in order from least to greatest?

A 56, 735, 543

B 735, 56, 543

C 56, 543, 735

D 543, 735, 56

20. Which of these animals would weigh about one ounce?

A ant

B mouse

C dog

D lion

21. Look at the pencil and ruler below. How long is this pencil?

A 2 in.

B 3 in.

C 4 in.

D 5 in.

22. Subtract:  $89 - 32$

A 51

B 57

C 66

D 41

23. What time is shown by this clock?

A 3:30

B 4:30

C 6:15

D 6:20

24. There are 13 girls and 14 boys in Samuel's class. How many students are in Samuel's class altogether?

A 27

B 17

C 24

D 19

25. Regina went to the carnival with \$8.00. She bought tickets and food. When she came home she had \$2.00. Which number sentence shows how to find how much Regina spent at the carnival?

- A  $\$8.00 + \$2.00 = \square$
- B  $\square - \$8.00 = \$2.00$
- C  $\$8.00 - \square = \$2.00$
- D  $\$8.00 + \square = \$2.00$

26. Barry has two dimes, two nickels, and a penny in his pocket. How much money does Barry have?

- A 41¢
- B 31¢
- C 5¢
- D 26¢

27. What fraction of these hearts are shaded?

- A  $\frac{2}{3}$
- B  $\frac{3}{5}$
- C  $\frac{3}{2}$
- D  $\frac{5}{3}$

28. If  $11 + 7 = 18$ , then what does  $18 - 7$  equal?

- A 11
- B 7
- C 18
- D 1

29. Anna made a chart of her classmates' favorite subjects.

Subject	Students
Math	14
Reading	3
Science	6
History	6

How many more students like math than science?

- A 8
- B 7
- C 6
- D 5

30. Karen brought in 36 pencils for her class. She gave out 25 pencils. How many did she have left?

- A 11
- B 10
- C 9
- D 1

31. What number comes next in this pattern?

78, 68, 58, 48, \_\_\_\_\_, ...

- A 30
- B 37
- C 38
- D 26

32. What temperature is shown on this thermometer?

- A 22°F
- B 28°F
- C 22°C
- D 28°C

33. Eric had eight baseball cards. He bought six more. How many cards does he have now?

- A 2
- B 12
- C 14
- D 16

34. Which number has the least value?

- A 562
- B 265
- C 556
- D 255

35. If each stamp below is 1 inch wide, how wide is the envelope?

- A 4 inches
- B 6 inches
- C 8 inches
- D 11 inches

36. Add:  $33 + 28$

A 51

B 61

C 5

D 55

37. Ella looked at the clock before she went to bed.  
What time did she see?

A 9:15

B 9:03

C 9:45

D 3:45

38. Add:  $55 + 37$

A 18

B 92

C 22

D 82

39. Corinne spent \$3 for lunch. She also bought a basketball-game ticket for \$4. Which number sentence would help Corrine find how much she spent altogether?

A  $\square - \$3 = \$4$

B  $\square + \$3 = \$4$

C  $\$4 - \$3 = \square$

D  $\$3 + \$4 = \square$

40. The pictograph shows the stormy days for three months.

Month	Stormy Days
March	
April	
May	

= 1 stormy day

How many stormy days were in March?

A 5

B 3

C 7

D 9

## Third Grade Reading Log

After reading each chapter, have your parent initial the block, and answer one comprehension question of your choice. You may not need every box depending on the length of the book. The answer should be one or more complete sentence(s) (capital letter and punctuation) of 6 words or more total.

### Comprehension Question Options:

Please choose one question for each night of reading. Any question can be chosen and they can be used more than once. Answers should reflect the nightly reading not the entire book.

1. Where are the characters in this part of the story?
2. What part made you smile?
3. What part made you sad?
4. What was the most interesting thing that happened?
5. What did you learn about a person in the story?
6. What was something exciting that happened?
7. Why did the author include this part?

EXAMPLE:

RH	Date: <u>5/26</u>	Chapter <u>1</u>
	Comprehension Question #: <u>1</u>	
<u>The characters are at</u> <u>City Park on the playground.</u>

### Third Grade Journal

Students should complete 10 journal entries any time over the summer. These should be written neatly in cursive.

Students can write about anything they want. Some ideas are:

My favorite \_\_\_\_\_...

Today I....

I like to....

I am excited about...

EXAMPLE Date: 5/26 Word Count: 25

*I love third graders because they always make learning fun. They like to laugh and they are hard workers. I like to see them grow!*
