

CHEETAH CHATTER

MARCH 2020

THE ARK

Greetings Cheetah Families!

Welcome to "almost" Spring! Daffys are blooming, buds are beginning to form and we are ready! The Cheetahs will be planning and prepping our garden plots. At the end of the month we will begin planting.

We also will be studying the ministry of Jesus leading up to His resurrection. We will be talking about Lent and maybe challenging ourselves to give up or limit something as we look forward to Easter.

Our community outreach will be to help clean up The Ark and church grounds. We will pick up litter and debris, pull weeds and hopefully, get into the little chapel for clean up as well.

Birthday this month are Calli & Aubree on the Monday the 9th.

It is such a joy to work with your kids. They are creative, thoughtful and fun! If you ever have concerns or questions, please don't hesitate to let us know. Thank you, Ms. Felicia
