Pandas News

JANUARY 2019

This month children will be focusing on the beauty of a winter wonderland. We will explore the cold and get creative with snow and ice theme science and art projects.

To celebrate Martin Luther King Jr's Legacy of "peace and equality," we will be working on decorating doves. If you have a fun background for our doves to be glued onto, such as material, cardstock paper or anything else and you feel like sharing, please send to school.

This month talk to your child about:

- Letter H/I/J
- Number 6/7/8
- Color Blue
- Star
- Winter-weather changes, snow and ice
- Hibernation
- Martin Luther King Jr.

Important reminder

Please remind your child the importance of hand washing. We have had a lot of sick children lately. To keep your child and others healthy please keep them home when sick
