

Set forth thy rule
in conspiring to deny Prince of
peace
legality in land of woeful dreams
amorphous
Prime the waters
flowing in ecstatic juncture
of man and God
everlasting in holy matrimony
'lest there be seasonal nuances
of give and take
Move thy main

1-7-2006

I am trying to reach you
Listen for Me in the Wind
that carries Me like in "Footladder"
Install
Keep thine eye on porous
membrane
removing thee from sense of this
world
and bestowing crystalline outlook
in its place

2487

1-8-2006

Capstone

2488

1-9-2006

See not where the Wind blows
when vacillate in tug of war
between states of siege and
salvation
Lassitude commences in guile of
border land
Imbued with roads of flowers

thee walk

2489

1-10-2006

Hearts ablaze with love
shine through morass of cold world
bringing Me to bear on woeful
tidings
listening to sinful sounds congested
Hold thy throne up as voice for Me
for casting bait

2490

1-11-2006

One twig might break
to cut through to another
See through the veil
of Love represented
thankful of reception

2491

1-12-2006

Juxtapose mind of God and man
See through thy viewpoint
of golden pond enmeshed
Collapse thyself to eternal Power
ruling Air Waves
that brings thee sustenance
for holy work
Bitterness fades in depths of love
enjoyed from Supreme Being
plighted to in troth

2492

1-13-2006

Heap thy mush willingly
upon the trash pile
sordid in nature
proclaiming thy wanton ways

Nests of angels lurk 'mongst
fiendish thoughts portraying
righteousness

2493

1-14-2006

Listen to Me for fortunate news
that blows away cobwebs
of languishing mind

2494

1-15-2006

Destabilized art thee in moronic
state
of disability
clinging to hopeless cause
of human condition lacking
substance

Switch over to line
cast from blue skies of holy venture
calling thee to promise of eternal
dignity

2495

1-16-2006

Incandescence burns bright
in life of love redeeming captured
Sight Me in lasting embrace with
thee

Popularize
Plant Me

Warped art thee in tender years
spent in seclusion of bionic world
Cast thy shadow on twisted traces
of beleaguered denizens' outing
in corpus practices

2496

1-17-2006

Shorn of looks
of haughty life dwindled from
leeching love at every turn
of Horizon's intent
move thee in world of prickers and
barbs

See through the eyes of Me
that vouchsafe your safety and well
being

Cast aside thy varmint eyes
that cast spells of bewitchment
laid upon thy muddled mind

Depend on Me thy Savior
Who brings peace upon thee
everlasting

2497

1-18-2006

Catch the meaning of capital Truth
that brings the Savior to those
inspired

Royalty attached to thy doorstep
commands presence

2498

1-19-2006

Walk not in ways of world
sounding in ears of malformed
Listen for Me thy service Guide
Who questions not thy skill
to disallow momentum of worldly
change

anchored in abhorrence of fluid
matrix
inconsolable

Wrestle with My call in forthright
fashion

Monitor thy ways

Standardize thy practice of calling
upon Me
for facsimile sounding Voice of
eternity
'lest thou be grounded in treason
to adored god of humanity
betwixt and between
Stabilize thy fruit filled garden
of herbs and delicacies
filled with Sustenance of higher
order
dropped upon thy plate incessantly

2499

1-20-2006

Puncture thy sense of self
emanating from closet of lies and
deceit
Reason with Me

2500

1-21-2006

Set not thy table
with dishes own
besmirched by zone of comfort
gone
Nail thy plate in place of regal fare
destined to uphold thee
with sumptuous feast
bargained for in lap of God coddled

2501

1-22-2006

Seek not thy ways of golden dreams
blundering in decimals of blighted
product
Lofty visions of on high ring true
to reprobate scoffing
at power of Golden Cord

when submission to waste land
eradicated in home town personal
view

Dangled lollipops
substituted for crème de la crème
potency
of Starbursts listed for routine
delivery
Look not aside from Central Core
that guides thee home

2502

1-23-2006

Reach not for skies
when life's dramas interfere
Logo of love impales thy view
Wilt not in heat of day
propounding Word of God
delivered to thee
extemporaneously

2503

1-24-2006

Sidestep the grasses of Easter morn
pertaining to life alive in kingdom
glory
Lift thy feet to covered ground of
holy soil

2504

1-25-2006

Sightless art thee
when confounded by myriad modes
of beckoning mind laced together

2505

1-26-2006

Listen for Me in yonder depths
that shows Likeness

Satisfy thy need for crowning
Lower thy standards
Ditch thy tools of malevolence
Lessen thy suite
of gargoyles frowning

2506

1-27-2006

Seek not vintage years
stored in casks
awaiting thine intermediary role
inculcating power lessons
of divine leadership
Listen to Me marauding in thy spot
Prostitute thyself
Let freedom fly

2507

1-28-2006

Sit thee down in repose
awaiting Me thy clandestine Lover
Who maketh thee whipsaw
for emulating Me
Block out Terminal of accord
thy Standby in times
of frenzied disrepair
Let loose thy Sabbath mind
focused on Me for eternal welcome
delivered for keepsake
Minus motif blown away
by bower of sanctity

2508

1-29-2006

Chaos formed in middle of oblivion
Richness of heart absorbed
in inner life
cruises to destination foretold
by wearers of armored plate

impervious to ways of world locked
in

Clean up thine act
presupposing legitimacy
ruthless in call
seething in domestic quandary
of foreign elements
Decry false postulates

2509

1-30-2006

Listen to Me
for fortunes told
for naïve beginnings

2510

1-31-2006

Hold up
Let loose thy greenhorn ways
that inhibit ways of Mine
Release pomposity
that stews in broth
of ill-bred personage
Realize thy shortcomings
Land on leveled off ground
that suits thy fare
Tailgate My surmises

2511

2-1-2006

Lost art thee in dreams absurd
combined with listless life
of meaningless mayhem
Leaves of Grass condemns thee
in thy subservient role
to twisted faith inherent in modern
day world
Lean on Me for furtherance of flock
Haunting the sound of debris

lacerated by quintessential
verbiage
cascading from mountains of
flotsam

2512

2-2-2006

Satisfy thyself
ousted out of your church
Help thyself to Me
thy Tutor be
Who bringeth thee fair skies
and morning dew round about
Hasten to thy Port of entry
sizing up matters of importance
in land of Go-between

2513

2-3-2006

Hold tight to My vine
promising thee conjecture's end
and salvation delivered
Waste not thy time
'pon speculation
or conceiving of Holy Spirit's goals
All is foretold

2514

2-4-2006

Washed out
devoid of texture
longing for Me
wilt thee come to summit scenery
let loose from fronds of alien world

2515

2-5-2006

Bolster thyself with Me around
gleaming information that thee lack

Better the route
sustained by me
in transforming rule of law
in earthly bounds
Realty shows It's face
'mongst philanderers of filial duties
Rest in Me My beloved
succored sweet
Who nourishes thee
with nipples of peace contained
Enlarged thy view of vistas Mine

2516

2-6-2006

Want not of nothing
in sobered state
acclimated to well of justice
Etched into heart
be loyalty to King
Who presupposes superstitions
Beat thyself of golden core
masquerading as king without a
crown
ludicrous in nature unsound
Wallow in shame at identity sought
Mystify thyself forevermore

2517

2-7-2006

Up start
Medley of songs
greet thee Casanova

2518

2-8-2006

Insight into devil's brew
climaxes in spoilage of waste
waters
licked up in councils of deceit

ruminating in hatred and despise
as ulterior motives

2519

2-9-2006

Change thy ways of belonging
'lest thee fall to ways of world
Sense thine insufficiency
that cools thy brow of wear and tear
struggling to straighten up Falstaff

2520

2-10-2006

Covert the ways of God with man
blandishing him with Truth
unobserved
from head to toe
Set loose thy ministrations to Me
Who fills thee in tortoise shell

2521

2-11-2006

Listen not to songs of love
when guided by sounds
of witnesses to world of want
Rule out thy summit
disregarding counsel
of Go-between
Sift through processes
of reaching out

2522

2-12-2006

Here we are trying to outplay our
destiny
Swamped
clearly see thine impervious mode
of settled state
mooning about

listening to god of woe
See to it that you prevail
in invincibility over lawless state
of mayhem mired
that chooses misery relished
'stead of golden state of Imperial
moment

2523

2-13-2006

Saddle thy roan
Hold fast to thy seat in Me
that carries thee to dreams
diminished
and Xavier acknowledged
Crown thy King of hearts

2524

2-14-2006

Dogging it
casting aside thy view of Me
withheld
Reach inside for prosperous ground
lent to thee in land of Nod
for off season calisthenics
Harbor dissonance

2525

2-15-2006

Olden times confirm the birth of
Christ
endowed
featured in solvent form

2526

2-16-2006

Hear not My voice in soothing Wind
when cast Me aside for bitter woes

Saucy the querulous state
domineering
eating crow

2527

2-17-2006

Water not thy bushes
with coleslaw fermented
dampened with brine
Reach for sense of Me
that blisters not thy roots
with cool shade
and dew drop drippings of Lamb's
feast

2528

2-18-2006

Let thyself be told

2529

2-19-2006

Deft be in scales of justice
in land of Go-between
Tourists cycle in and out
of landscape
pursuing call of Upper Hand
destined
Wait not for Me in summertime
disposed
lighting up landscape
with Dual Identity promenading
Sounds of summer penetrate thy
wisdom
with coefficients of coagulation
stemming from rarified air of
eternal bliss

2530

2-20-2006

Straight away risk
Just be calm

Extend to others

Raunchy thy way

See that you listen to Me
true believer

that knows thee fulsome
from head to toe

Watch for thine ear lobe
making sounds of mayhem
confusing thee
with dew drops of larceny
contained

2531

2-21-2006

See not with open eyes
the silent world of heart and mind
Will not thy soul to be the heart of
thee

Crush thyself down
that you fulfill the scriptural Voice
to serve of Me

Reach for Me in golden cloud
overseeing all thee do
with crystal clear vision
Watch for My time to signal thee
with course of action incurred

2532

2-22-2006

Hold not thyself out from Me
thy liquid Feeder
who sustaineth thee
with formula of ever giving life
Seek not the bones of man
that blesses not the carrier
Reach out for thy sustenance
Chanteuse of divine nature

escapades in cavaliers

2533

2-23-2006

You can't do without Me

2534

2-24-2006

Lament core

Seek not the hills of home
rhapsodizing songs of love
judiciously

2535

2-25-2006

Rambunctious are thee presently
servanting

Slow thy course down
leading thee to wistful heart of
desire's manifest destiny
Let rule thy soulmates dallying
with God

that corrupts not
the sequence of delivery
hidden behind thee

anxious not
indelible

Come to Me closer in perpetuity
Be assured

2536

2-26-2006

Hold thyself up to receive Me
in consecrated joy

2537

2-27-2006

Nonchalant thy way
dozing in dubious dishonor gratis

Dig in to disclosure of dearth

Single out thy vituperation
skilled in dog eat dog combat

Loosen up thy throttle
exercising dimmer switch
on word of mouth belaborings

2538

2-28-2006

Righteous thee be when you cast
aside thy views
and receive the Holy Grail of love
sequestered

Let love bloom in heart of stone
relished

Let bygones be bygones
in traveling state
affixed to ruminating

Loosen thy turban
escalating world of dreams
solidified

basking in nonsense of putrid
leftovers

Reckon with Me thy soothsayer
solution

2539

3-1-2006

In darkness do thee sit
when called upon by decrepit
monsters

of malformation personified

Sit in juices of swill
defecated in loneliness of
perpetuity

Wouldst call thee from silence
denigrated not by evil forces of
oblivion

Peace My son I bring to thee

beholden of truth

2540

3-2-2006

Sing a song of love
to thy Betrothed
Who hungers for thy return

2541

3-3-2006

Hurtful thee be to man and beast
when escalating violence
in center of soul
Realize thy will to promulgate peace
'mongst neighbors
in trafficking world-at-large

2542

3-4-2006

Relax until you are told

2543

3-5-2006

Want not thy safety zone
imbibing love egregiously
soon to be Catcher in the Rye
Tell not thy soul its business
Let it speak to thee of internal affairs
subjugating thee to random rulers
renouncing Me in dry air
of mysticism missing
Grounded be in Me
thy Ruler
made for companionship

2544

3-6-2006

See not the stream of life diversified

when cast thine eyes on bottom of
barrel

filled with shell fish and mollusks

Inferno of fire

longs for radius traversed

by hominids

Listen for Me

to say what rules you

in grand chase through the
millennia

2545

3-7-2006

Banditry featured by lonesome
hearts
guides thee to summer wear tinsel

2546

3-8-2006

Toonerville trolley hearts
beckon mitigating circumstances
Crowded thy mind with intermittent
thoughts
blaspheming God
with Rolodex faulted memories
Light of day exhumes lift-off

2547

3-9-2006

Root for the home Team
Sequela follow

2548

3-10-2006

Speak not of silly things
of foamy founts
that cascade from bubbly lips of
sea-sick world

'Stead seek Mine that whisper
wisdom
of skylark propensity settled within

2549

3-11-2006

Crestfallen

let thee be tireless
in exhuming Me from interior of thy
soul

Mark thy ways of falling before God
lest thee trammel thine antidotes
reaching out for course of travel
in wayless world of retribution
and bestiality

Ignore thyself in search for Me

2550

3-12-2006

It is always hard
to disengage yourself
for objectivity

Look at Me your heavenly Host
Who guides thee in trauma and
disarray

Search inside

Speak to Me of things undone
like a deck of cards unhinged and
scattered

Foist upon Me all responsibility
to clarify thy view
and wend your way to safe Ground
and snug Harbor

I am willing and well able
to pursue thy goals of tranquil living
and eternal peace

delivered to thy doorstep

Come promenade with Me

Let sing thy song of deliverance

that immobilizes thy will
and removes the stain of
disobedience

Downturn thy quest for sensible
serve

leaving to Me thy stance and mode
Rasputin's folly declared null and
void

Seek not thy truth in calm waters
decimated by worldly lies

2551

3-13-2006

Hold not thyself back from bestial
view

of world in flames
at war with inner soul

Helter skelter mania
attracts thine eyesight

Censure thy thoughts

Clear thy mind of useless twitter

Await Me

Rule in Me

thy Partner

capsizing thine infirmities

See not thy faults
when rankling with others

Foresight festers within

2552

3-14-2006

Bejeweled art thee with King's swag

2553

3-15-2006

Smooth is the road to self-deceit

Slippery the slope

to trespass on kingdom soil

Examine thy role in serve of Me

that thee may see precipice
of foolhardy passage
lagging behind thy true hearted
Leader

Wondrous the mind of God
shared with His fumigated son
cleansed of vipers and vices

2554

3-16-2006

God blessed the Queen

2555

3-16-2006

Realize thy way focused on Me
Banner of heaven
collides with doomsday message
exorcising cast iron amulets
of diseased destiny

2556

3-17-2006

Develop loquacious style
of delivering message
Dogged night Traveler
consumes playground wasting away
in symphony of sound
related to Caribbean heart throb

2557

3-18-2006

Rampant the themes of make
believe
carousing in thy split mind
of lives apart from kingdom home

2558

3-19-2006

Heated thy view of
Telecommunication
sandblasted by spokes of Wheel
held incommunicado
Moist the shoals of distant shore
promulgating truths
reserved for fishermen
of denizens trapped in beleaguered
mind

2559

3-20-2006

Full Wine up thine alley
Sanity rolls in on waves of love
fixated on horizon of outer sphere
lacking credence
Hostility mends way
subjugated by Holy Spirit
that leases new life to stalwart of
God

Torment thyself with needless
thoughts
of vacuum fomenting indecision
and unwarranted fears playback
Washed out
rest in Me thy Servant true
Who accompanies thee in time and
terror
assuring thee with sustenance and
soothing tone

2560

3-21-2006

Heal us of our withered hearts
that succor not our souls' creation

2561

3-21-2006

Pensive be when think of Me

Hold up thine head
to cast thine eyes on wayward path
beleaguering thee from dawn to
dusk
in smoldering ruins of land long lost

2562

3-22-2006

Set forth thy views dignified
Hear Me on moonbeam trail
Hold Me to thee
that thou might see resurrection
calling
Wait not for dance of delusion
perpetrated by shepherd
of wayward world
Call Me when you can
for I am here for you
in peace and promise kept

2563

3-23-2006

Hedonism compacts joy of life
into square of ignominy

2564

3-24-2006

Cinderella dream
forfeits way of life
envisioned in lake of fire
catastrophe
visited by mindless mutation of man
soliloquizing a doomsday destiny
Reach not for golden arm of God
extended to moored man
in mayhem of madness

2565

3-25-2006

Fortuitous thy find of Me
masked in corner of greenery
on byway
accompanying you
to four corners of hell
labeled as Holy
Seek Me out
in vestiges of broken dreams

2566

3-26-2006

Longing of loneliness
infiltrates Holy Grail
mocking Muse of love attended
Place down thine head in Me
Here do you surrender thy
convictions
and receive the blessings of God
retained
that strengthens thee to do My will
in earthly realm
afforded thee in task and setting
Crippled art thee in non-attendance

2567

3-27-2006

Sensitive be to thoughts of others
that collide with thine
in staircase climb
Collapse not thy view
Rivulets of truths harnessed
protrude into arena of love lacking
Hold thyself up to Me
in servanthood rendered
Cast aside thy views of long lost
world
Kneel before Me
in soul secure solemnity
abased in mortification

that thou might catch thy breath of
Wind
superimposed upon thy lifeless
form

2568

3-28-2006

Vested art thee in moonlight
madness
hooting and hollering
in maniacal glee
over fulsome life of glib and gab
Naught art thee
but waste and wanton frolicking
in desert of lust and lax
Meet Me at the gate
awaiting thy departure
from minstrel mayhem
boarding train guiding thee
to better days of love and levity
in sacred haunts of heavenly haven
Avarice clenches thy soul
with grip
disturbing balance
dispelling air of love
dispersed in tangled undergrowth

2569

3-29-2006

Hold Me in thine heart O My son
that you may dwell in the house of
the Lord forever
Let seed thy growth
in pasture fields of milk and honey
Doodle not in hateful things
and wrongful ways
Build wigwams of faith
that bless travelers on road to
perdition overcome

in land of free

2570

3-30-2006

Have faith in Him
Characterized by bleeding heart
dost thee maintain principles of
Christ
sought for by mankind
as exclusive approach to kingdom's
coming

2571

3-31-2006

Harken to thine ear
that hears My Voice
to recall thee from land of living
death
Sunstream canal bends its way
through lackluster site
bringing noteworthy songs
by love inspired
'lest thy foot stomp on green grass
shoots

2572

4-1-2006

Set thy foot down on holy soil
leading thee to breakthrough of
tunnel
Tread not on limestone leading
nowhere
ransacked of viscous matter
that seeps from heaven's Heartland
Wallow in filth when carted away
from zone of love
Pursue dampness of Triune life
qualifying thee for service abroad

2573

4-2-2006

Look not into devil's eyes
when searching for sign of purpose
Look straight at Me
Who reverberates with wisdom
and chosen path
Make way for My instruction
that flabbergasts thee
with healing power and intent
Insubordinate art thee
to cast aside My view
that moves thee into faithful sphere
as servant of the Most High
Willed to Me be thee in final phase

2574

4-3-2006

Incarnation of Jesus lifts world
to whereabouts of knowledge
bottled up within us
lurking behind shield of truth
perceived
as oneness of God within man
locked into step beyond reason
and rationalization
Hold not thy thoughts apart from
God
that flagellate thee with sin and
sorrow
Let flow the Voice of love
promenading in full view
that leaps out from inner sounds
of heaven's entrails

2575

4-4-2006

Hopeless the task of quantifying
love

Seek not the blues

Holy is thy name that drives thee
through the tumult of workaday
world

Seeded not the green grass of
luscious domain

Let grow the dormant character
that lifts thee above the quadrant
of stable life disqualified

2576

4-5-2006

Sign not thy name to laws
decreed by numbskulls for judicial
parlance
that slant the truth in hegemony
Be on guard to see with eyes of
compassion
necessitating growth of soul
in world of bodies apart
feasting on deliverance by
sweepstakes

2577

4-6-2006

Remnants of supermarket
displace God's healing temple
as locus of life
Co-star Emissary sends thee on thy
way
casting blooms of daffodils
on withered streets of homeless
haven
Make sure thine ardor wisps
congregate with Mine
in salute to Holy Presence
accompanying thee

2578

4-7-2006

Leak not thine internal Swab
juiced with peroxide and dandelion
Keepsake
Ferret out stopper to Magnificence
extended
dusting off crust of deteriorated
being

2579

4-8-2006

Heated words confusion bring
lapsed into moronic code
of valor subsidized
Make still thy mind
possessing minute bits of insanity
pasted over glossy coat
of celebrity status
Let expend thy touch of Me
straining to surface in land of never-
free
that bastions closed mouth
adherents
destined to cleanse world of
unsavory characters

2580

4-9-2006

Box Me in when cast thy views
upon My world qualifying
roundtable needs
Wait for Me in all thee do
that I may stir world at large
caught in primitive mode
hamstrung
Loosen thy joining
caving before Me
in fashion true that pleases Me
See through the haze to focus on Me

bright eyes in light absorbed

2581

4-10-2006

Wretched art thee in sunlight
spurned
waiting for darkness to cover thee
Hasten to Me to sing a song
of love attired
Rock bottom
help thyself to Me
In stillness lie

2582

4-11-2006

Hassle not with snow blown
thoughts
vegetating in world of broken
dreams
Thumb print of God
lessens woes of mind
caught up in axis of warp and wear
congested

2583

4-12-2006

It is done

It is done

God fills His toilers

2584

4-12-2006

Helter skelter thy mind of yours
twittering away in morass messy
Let bloom the skylark reaching for
Me
that feeds the masses with mind of
Mine
Heed Me in all thee do

awaiting My instruct
Wait for Me at the swinging gate
where hell breaks loose unopposed
Set forth thy rule
that exterminates Mine
Scoundrels dwell in the house of the
Lord

2585

4-13-2006

Thank you Bob
Thank you Bob
Thank you Bob

2586

4-14-2006

Tedium accompanies world of want
basking in light of inner darkness

2587

4-15-2006

See not My vision
with glandular eyes of misspeak
and misbehave
Look to fruits of tender divine
that lack naught of Savior's seeds
Be My minister to apes of Earth
crushed in illiteracy of divine
purpose

2588

4-16-2006

Hold forth thy tongue
declaring Me thy Ruler and Word
Base yourself in Me
Who proclaims leadership
that tantalizes followers with
extremes of love
Watch for Me in all thee do

wasting nothing of your time
in direction of your will posthaste
Hardly do thee think of Me
grazing in ruins of castle deep
Set thee thy stare 'pon Me
that lacks naught of what thee need
Listen to Me for thou know not what
thee do

Wait in My anteroom for counsel
due

that sustains thee in august role
delivered

Sought for assurance
surfaces in quiet mind held close to
Me

Facsimile abbreviated stance
motions elongation transfer

2589

4-17-2006

You are moving ahead at full throttle
speed

Apart from Me doth one not scent
the air of heaven borne on wings of
angels

Wouldst thee see Me in the shade
awaiting
gamely pursuing thee

Listen to My falsetto acclaiming thee
Listen not to base sounds of
gargoyles

mesmerizing you in fountains of
failures

Listen for the Queen Who engages
thee

with soft dulcet sounds of heavenly
trance

2590

4-18-2006
Holiness is eternal
Open thyself up to Me
Who cleanses thee with special
Wine
affecting thee with healing
of thy sickened heart
Receive Me as thy Queen
held high on lofty throne
deliberating with ease thy sunken
world
Remediation spills out to thee
from fullness of My breasts

4-19-2006
Sink now into oblivion
where rule the waves of faith
Here am I in full Stature
locked into the heart of man
awaiting thy decline and return of
thee
Raise not the flag of surrender
muttering obscenities at causes of
evil
Oceans of love pass over areas of
discord
lending harmony to willing
participants

2592
4-20-2006
Waste not thy time
of drifting in seas of ignominy
funnel
Retard thy growth when prepareth
thee
luna mixture of snow and grass as
balm

Modest thy growth in plantation of
sun and rain

2593
4-21-2006
Tunes of glory hasten to thy side
delivered by cohorts of heavenly
body
Claims of defenders of truth
available
buttressed by sounds of marching
feet
in valley of indecision
Roster of converts grows

2594
4-22-2006
Mollusks of the sea floor
travel in circles of dedicated
denizens
awaiting inner unfolding of
instructed purpose
Vested in Me thy purpose be

2595
4-23-2006
Holiness in thee provides Me
with facility to cleanse world with
germs of love
Joust with Me hooking up with
infantile borders
of madness personified
clasped to your bosom
Make do with Me thy personal
Savior

2596
4-24-2006

Enter thy kingdom home through
main gate
of silver silence into golden dome
Laugh with Me in center hall
Rampant the flowers of spring
dispersed in crevices of rocks and
rills

2597
4-25-2006

Station yourself at Jesus' door
awaiting its unlocking
Bandy not about in streams of
delight
ushered in by Wayshower
when cast thine eyes on earthly
forms
Wait for Him in flights of holy
enterprise
that disclose true joy of heaven's
making
Seek not thy kingdom
amorphous made

2598
4-26-2006

Wait for Me in all thee do
lactating Mother's milk
symbiotically
on plane of Abraham

2599
4-27-2006

Frequent visits
Mountains screen company of
lawless breed
existing in farm lands of disease
and detour

Minds of man contradicted by
Savior of sun up
permeating blue sky's overcast
shadowing

2600
4-28-2006

Transpose My life as yours
sitting in mayhem of everyday
world

2601
4-29-2006

Wait for Me
when clogged with sewage of
underworld
deciphered as Aztec gold
Listen for Me in quantum leaps
of linguistic preparation that startle
world
into reformation of central character

2602
4-30-2006

Trounce thy golden ways
sitting on edge of doom
listless under thy canopy
Let bloom thy garden of roses
Witch hazel dominated by Grace
as thy succor on beaches of love
potion
Let ruminate thyself in glands of
fulfillment
nestled in heart of God
Harpooned art thee by Me
thy Savior born to fish thee out
from tumult of tempestuous waters
immersed

2603
5-1-2006
Steer clear of holy entrance
entranced by escapades in lifeless
dunes
of history compiled
Foresight enables thee to twist
about
ringing bell to door of heaven
conceived
Want not of Me
Keep thyself still that thou may hear
the Voice of destiny seeking thee
out
in concubine sated world
of dismal dew drops

2604
5-2-2006
Hear Me speak to you
below thy boiling point
Signify thy willingness to commit to
love
laughing at sunbeams dancing
on moors of mediocrity

2605
5-3-2006
Send for Me when you come
Who delivers to thee all you need
Look not to other ways for solace or
succor
that I deliver in goodly amount
See thee Me present to you
locked into state of your well-being

2606
5-4-2006
Embalm thy liberty floating free

in massive pool of dungeon swill

2607
5-5-2006
Sing to Me a new song
of love and devotion to My needs
Let nothing impede thee in thy wish
to serve My kingdom's coming
on land sea and air
My will be done
be thy tool for watchfulness
clearing deck for consummate
application
of thy will in Mine

2608
5-6-2006
Want not My moves
that flow from incandescent
knowledge
that saves thee time and wear
Hasten to My side that warms thee
with intuition

2609
5-7-2006
Clamped in heart with Me relegated
Reach not for Me when thee stand
apart
in tone and time in slime of
everyday world
Look not for Me when you fall
In Grace do you sit abiding in Me
that sustains thee with walls of stone
Grouse not in turn
what you would accomplish
for all is done well
in fair and proper time
Leased be in thy mood and mode

seen in perpetuity
Turpitude beckons thee from Kingly
grace
dissolving thee in syrup of Ipecac
Rest in Me on shores of moral
consequence
that outlives fevered life in militant
decay

2610
5-8-2006

In the light of the sunshine
wait for Me to rise
casting aside dungeons or devils
See-saw with Me
watching violence on television
screen

2611
5-9-2006

Seek not thy views over Mine
juxtaposed with each other
Listen to Me in all thee do
that disposes thee to accolades of
appreciation
fomenting heaven's healing of
wayward world
Feathered flock sticks together
corralled by Keeper of home base

2612
5-10-2006
Cave into Me
thy thoughtful Sire
Who enlists thee in trips
to outer banks of forest lands
denuded by subjects of spiderville
caught in web of deceit and
delusion

Lost sons found by searching Spirit
engaged in subterranean
excavation

2613
5-11-2006

Whistle in the dark
contagious with flow of demonic
productions
Listen for Me inside you
gauging time and ware

2614
5-12-2006

Wait not for Me in green fields
Walk not in My shoes
when cast thine eyes 'pon the
ground
from above
Think not like Me
when stone faced in early spring
licking popsicles of ice
smearing colors on clenched jaws
Smooth thyself with expressions of
joy
counting on Savior to lead thy way
through thick and thin of tumult land
unattached to decibels of sound
bytes immaterial

2615
5-13-2006
Talk not of sunshine days
caught in eclipse of the moon
Relegate to rear
abominations of illegal and
catastrophes
that uphold flight from amenities
of loveland life

Shorten thy hold on the world of Oz
classifying diatribes as worthless
glop
Look not to forestall others' ways
clubbing them with unfair
statements of dissension
Let live others awaiting their turn
for modification of jilted self
waiting in wings of theater stage

2616

5-14-2006

At times when there is naught
just sit
Sanctify thy vision
with Holy Spirit enhancements
spilled upon thy sight
in gladdening moments
Lecherous thy ways dominating
Saintliness excludes experience of
lust
by heliotropic influence

2617

5-15-2006

Seek no longer thy solace
in underground trams
that speed away in light years of
sound
Hearts melted by dew drops
challenge levitation of hate filled
harms

2618

5-16-2006

Hurt not thyself with tantrum tirades
that spill blood of love

2619

5-17-2006

Seek Me not in sunshine fair
closeted with boogie men of inner
fears

Settle in with Master's Voice
instructing thee for forward moves
that claim for thee assurance of
well-being.

Hear Me when you talk of matters
Mine

that flow from My mind to thine
Celestial beings bring thee to Me

2620

5-18-2006

Sink not into oblivion
calling upon rights heaven borne
that fulfill thy need for quest
accomplished

Tilt towards rays entering thee
with balance conformed
resting in thy nook of contrivance

2621

5-19-2006

Trammel not Me with cast iron plans
that wash away Signature from God
of most high

Let thee stall in wayfaring junket
precipitously close to Red Wine
leadership

2622

5-20-2006

Desist

2623

5-21-2006

Riderless thy Sky Drift

when tuned to nature human
See through dense clouds of
massed iconoclasts
speaking in tongues of babble
Realty shifts to snow flakes
pure and simple
for eyes tuned in to vision quest

2624

5-22-2006

Sin filled thy life in corral of the
dead
listening to voices of monotonous
moans
Vacation over when reality returns
incubating lost life as reason for
being

2625

5-23-2006

Silent be with Me in turnabout
Songs of death nearby
cast shadows of doubt over wings of
joy
Missives of love propound future of
well being
Permeate thyself with absorption of
holy water

2626

5-24-2006

Help yourself to Me
Who waits for thy return
with glad heart and fortunes formed
Listen for My heart beat within you
that casts aside tremulous times
allowing thee peace of mind and
joyful days

in thy world of woeful
mismanagement
unduly sought
See not the stars in your eyes
gesturing for compliance
Set forth thy stance
in defiance of Me
bulging with brook of ideas
made from thee
Mollycoddle thy ways
of fitful starts
Remain close to Me
thy Teacher and Soeur

2627

5-25-2006

Singular the touch of Me
proposed to you for mating of
purpose due

2628

5-26-2006

See Me at the fork
looking for thee

2629

5-27-2006

Struck by Me in lowered glance
Windship carries favor with thy
direction
Get a little more sensitized

2630

5-28-2006

Restitution maketh thee
in flim-flam life
signaling presence of God within
laughing at holiness of central zone
Place thy head upon My lap

and receive telepathic news
of servanthood immersed
My will be done
be sacred honor accorded thee
selected by My grace
Institutionalize thy will mordant

2631

5-29-2006

Sebastian-Liverpool

2632

5-29-2006

Wind down thy storeroom of
difficulties
catapulted into thy mind
Air thy sheets
Falsify thy data
claiming know-how in personal
view
Let Source of magnitude direct thy
way
when combing waters of decision

2633

5-30-2006

Dread naught
Holly tree synchronized
See through View Finder
Masked marauder unearthed
in sensible locale

2634

5-31-2006

Think not that you know
when all is done
Zippered
sit still in thy stance clouded over
with jimmed locks

Coalition retrieves incoming
messages
enforcing resettlement
Enhanced vision precludes errors of
thine
Mesmerized art thee by snow
flowers
curled up in withered state
from wintry blasts of domestic
violence

Look to sunshine land
that casts light of living God
'pon thy vessel of broken dreams
pasteurized

2635

6-1-2006

Riotous scavengers rip heart out
of golden Core
depositing it in sludge
of maniacal madness
Beasts of burden
shoulder facile Leadership lifting

2636

6-2-2006

Benefits of well-being derived

2637

6-3-2006

Ruffians extinguish light of God
transfixed by taunts
exhumed from volatile innards
of dangerous curlicues
sent your way by foreboding minds
Minister of peace calms qualms of
lovelorn
with shafts of delicacy
imbued with estuary of love

2638

6-4-2006

Artful art thee in coming around
dousing thyself with holy water
Decide you must to condemn thy
ways
of leading your life apart from Me
Proven am I to have the skill
of leadership within
that helps thee
to loss of will of thine own
Tart the taste of megalomania
that crashes thee to dissolute
behavior
Bend thyself to Me
for course of love
sweetening thine approach
to will of Mine absorbed
Siphon off thy will from Mine
dedicating thee to future sorties
on My behalf
Listen for Wind blowing
'cross seas of indifference

2639

6-5-2006

Time was made by you
Eventually you will give it up
Wait not for Me in golden hills
when eclipse Me with disjointed
thoughts of yours
Be silent for Me to work thy mode
in synchrony
Destiny unfolds as intended
Reason not thy ways
that spoof dilettantes
Crest in Me
thy flavored Favorite

dwelling in aroma filled halls of
Paradise

2640

6-6-2006

Romantic ties spice life of
wandering world
exempt from controls of decibel
Counter
Watery weeds lie fallow
impregnated with lowly form of
human matter
Seek not thy vision forecast
in mind of twisted faith
Seek 'stead the eyes of Me
that see all as meant to be

2641

6-7-2006

Worsening of lilacs blooming
signifies loss of human's contact
with God
Order of the day
Streamline thy style of obedience
draining thyself of extraneous
thought
Trumpet sounds of love

2642

6-8-2006

You're being visited
Spiritual insights
Thus do thee command thyself

2643

6-9-2006

Soul cargo lost
on motionless seas
stripped of capacity

2644
6-10-2006
Transport diamond studded éclairs
to diminutive mouths
longing for word of God
Luscious cherries engorged
invert soul
Stalemate the score
between stalwarts of mice and men
awaiting gamesmanship
Knotted score bedevils thee to
make moves

2645
6-11-2006
Henceforth hold to thy truth
overcoming all that is
and meant to be for eternity
Factor in My grace that upholds
thee
in campground of swamp that
belittles
My rule and way of being
Gild not thy lily
Mud-slinging douses light of love
cast upon thy view
by Broadcaster of serene being

2646
6-12-2006
Hateful not be
in winds of shame based
Seek not thy fame and fortune
in retribution
that casts aside love
disordered by frenetic distractions
Somber be in dedication to Me

leaving behind all hoofings of stamp
and stomp
Likened to Me be
in parlor games of rift and rule
stigmatized
Heavenly scent fills room
with odors of palm trees
and succulent fruiting
tarnished by sugar daddies yoked

2647
6-13-2006
Tantamount to treason
thy steps away from Me
that occlude My passageway

2648
6-14-2006
Sit still in thy place
awaiting Me
Who sends thee fair weather
and Winds of change
Make do with My word
guiding thee in thick and thin
halting not in healing's sake
Tribunal casts aside blots on Me
performed by thee
Look not aside from My stance
that blocks thine escapades in
delirium

2649
6-15-2006
Gabriel
Super sound of angel wings beating
lists commands
Hear not thy role
when cast aside borders
between real and unreal

2650
6-16-2006
Walk not My way
in shadows of death and doom
castigated by non-entities of
hooliganisms
Seek Me out
'lest you fall from God
horizontal in death throes
of worthless non-achievement
distinguished by immunity to My
direct

2651
6-17-2006
Look for Me not
in Heart of hearts
Reason not with Me as stalwart of
Mine
Exclude thyself from inner Circle
Let live My breath in thee delivered

2652
6-18-2006
Hold Me down to thee
that muffled not be My Voice
Sense the Presence of Me
behind the screen of misbehave
Let Me fill thy glad hand
with nuggets of truth
obtained from Mind of wisdom
misappropriated in fluctuations
of mortal mind misconstrue
Musical steps tantalize thee
incoming from God of love
from Ship to shore
making peace on Earth everlasting
Register thy viewpoint with Me

Be My love
heart rendering obedience
Fondle with Me

2653
6-19-2006
Seek not thy ventures
overlaying those of Mine
beneath the surface
Worsted
holy incense wafts over throne of
God
imbuing thee with filtered Gumshoe
designated to search out
remaining derelicts of rampant
rhapsodies
to tunnel vision

2654
6-20-2006
Chaste be
Waste not thy life
in tendered arms of milkweed
supplanting tentacles of long lost
Love
Disneyland crafts brocade of
luxurious garbage
decimating will to recover
lost state of divine awareness
Latch onto call of holy Queen
remonstrating with you for circular
closure

2655
6-21-2006
Worry about ostentatious being
Hold Me in thine arms
that you display Me
for the world to see

undamaged and pristine pure
'midst tripe and trollops
Circumvent not My task in thee
with useless prattle and demeaning
d cor
that loosen the tongue of deviltry
delivered
Let be the Me
that vouchsafes thy safety
and well being
in circuit of pastoral care
solicited in My name

2656

6-22-2006

Base on solid ground
cough up thy vision pure
immortal scion
Flounder not when seated
in zone of eternity
fulfilling estrus cycle of God's
Maiden

2657

6-23-2006

Fly away from scene of dismay
toward shoulders squared
in time with martial airs
of judgment day rejoicing

2658

6-24-2006

Cool Hand Luke
Frosted demeanor contemporary
obliges scythe swinging attack
Heretical thy vision impure
cantilevered on grounds insecure
measured by gauge
of willingness to commit mayhem

in My name
Input seed of Mine

2659

6-25-2006

Wet not thy lips with saliva
'Stead drink milk of warm breast
fed by nurturing Mother
pacifying thy discontent and lonely
heart

2660

6-25-2006

Castigate not thy neighbor
with highbrow expectations
falsifying view with extreme
demands
Let live others
with shoehorns
molding fit of one way journey
to size and stride of footstep of their
own

2661

6-26-2006

Hazardous duty comes thy way
ensconced in trimester of social
change
Placenta feeds thee welcoming
news
dovetailing Sergeant-at-arms

2662

6-27-2006

Waste not thy time in dribble state
Wait for Me accelerating thy path
to kingdom come
Let loose thy verve
Walk with Me in s ance

Seek not thy will in affairs of Mine
‘Stead ask Me for My intent
Healed anew in current life
lift thyself up
from bloom of brag
to sense of Love
making rules and regulations
Decipher code of warranted actions

2663

6-28-2006

Hate not thy neighbor
who casts aside thy views
Let live thy transgressor
who doubts Kingdom alive
transposing fact into fiction
as part of madness medley
entertained
See thee him as would I
in peace undisturbed
within borders of acceptance
Roll up thy sleeves mortal one
Thy work is to be done
Lend thyself to Me

2664

6-29-2006

Hurt not thyself on rough terrain
ski boarding in caper
with Holy Spirit
Mother of Earth beings wraps thee
in cloak of care
guiding thee to zone of respite and
repair

2665

6-30-2006

Tell well your story
Catch not the stars in your eyes

bleeding blood of blue heaven
wasting time on fringe of lunacy

2666

7-1-2006

Counterfeit the claims of love
guiding misbehavior of dubious
followers
listing donors of savagery
as co-conspirators of Mine
Wish not for human dung
offered on sacrificial plate
in My name
singing songs of war
Seek not thy vision of things
unknown
whispered in your ear
by tender Voice of loving God
Hear not Me when thoughts of yours
swirl about in dictionary of untruths
ladled out
Repertoire of love diminished not
awaits thy grasp
in homegrown tangle of weeds
lifting out buoyantly
expression of Me

2667

7-2-2006

Wait not for Me
when flustered in dim-wittedness of
human mind
procrastinating about purpose and
solutions
Hasten to My side
where thereabouts you receive
firm direction from Source
iridescent
Flabbergasted be seeking Me

that rules thy waves and
predilections
Sink not into hole of destiny
preserved in rigid chasm
of delectable delicacies
shoveled out
by brain teasers of human
dimension
Take thyself to My propensity for
direct action
in swill of earthly domain
cleansing the soul of degenerate
debris
mainlining tortured processes

2668

7-3-2006

The eastern Sun did not go down
rising to its zenith
See through frosted glass
High tide salvages lost vision
of Christ within

2669

7-4-2006

Walk not with feet in mud
paralyzed by scion of unholy god
Walk 'stead with feet inspired
by wings of angels dipping down
to lead thy path
Hear Me when I speak to you
in muffled tones
wanting you beside Me hailed

2670

7-5-2006

Invested in thee am I
sure of what you will proclaim
Rock and stone of

art thee built
to handle My ways
Pathway to foundation assured
into eternal order
Survey thyself

2671

7-6-2006

Hear Me not
when attending to worldwide about
slinking in slimy places
Crude thy ways
Heel to Me to follow Me about

2672

7-7-2006

Hate filled art thee
in nomenclature
washing thyself in cider brine
spewing false accusations
in league of wanton lust
Amazing thy view of Wheat filled
fields
succoring love of all that dismays
dismal mind of dirt and dust

2673

7-8-2006

Cruel thy taunts of rainbow I Love
exercising freedom
from attachment to silhouette God
lurking in corner of your mind
Why can't you be real

2674

7-9-2006

See hurt in others
that they might find Me
through thine addressing

Sense thy purpose
In front of Me
thy keepsake of times forgotten
Who blames thee not
for twisted memories of true accord

2675

7-10-2006

Embalm thyself
Shoulder the blame
for what you're doing
misbehaving in land of lop-sided
love
Lesson to be learned is quilted
designed by Me to stave off
ill-begotten ways of lifeless life
in kingdom of bilge

2676

7-11-2006

Reach not for central plane
destroyed by inattention
to golden core
Listen not to sounds of drivel
that creep in to listening ear
Wait for Me to tune you in
to threshold of domestic love
brought upon thy plate
in bounteous portion
Bumptious thy style of misbehave
jesting in holy matters
divinely inspired
Lofty thy vision be
when parading Me in tones of
humble origin

2677

7-12-2006

See through thy vanity

that clouds horizon
of sight of love
Wrestle with surplice
covering thee with megacosm
for twisted heart
Let rulership emerge of love bytes
that flow from Heart
naked in discernment
lofting principles into awareness
of circle of being
Mount thy stairs wished for
claiming thee for My own
thy willful child of My loins
Duties await thy tempering

2678

7-13-2006

Satire corrupts land of living

2679

7-14-2006

Take it no further
Seek not more thy style of life
that cascades 'pon heaven's shore
beaming lights of disfigurement
and crazed mentality
Lost views signifying Love's
presence
beckon thee to dwarf cabal of
lunacy
and mock existence
teetering on precipice of
demonization

2680

7-15-2006

See Me in thy view
awaiting thee in thy subordination
Lax are thee when I call

to focus 'pon Me
drifting into Metamucil land
as chosen product
Keep to thyself thy straining sight
that plunges thee into depths of
solicitation
of My rule and retinue as thine own

2681

7-16-2006

Heart held in hand
brought to Me alone
signifies wealth of living
in transitional land
Context provided in lust for
obedience
in open spaces of My heart in yours
Barred be in quest by mind
of perverse meanderings
blocking directionality
Be alert in My name's sake

2682

7-17-2006

Hear not My Voice
when gazing upon dunes of sand
excavating innards
for grubs of emptiness
Hasten to My side
where feel the Source
of tangible merit
that extrudes to you thy purpose
Seek Me no further
than thine own self
which signs on the dotted line
for welcoming Me
Be assured that all is well
in heaven and hell
Diatribes of disunity

countered by slavish disposition
to My entity
Seek not thy substance
Look towards Me
thy Guide and Teacher
Who overcomes all matters
in ways of Mine
Fruitful the outcome
when cast upon Me

2683

7-18-2006

Intangible My mode
foisted upon thee
wetting thy lips
in anticipation of deluge from Me
Set thyself firm in manner Mine
clearing deck for spray of sea wash
emancipating thee for heaven's
shores

2684

7-19-2006

Nasty thy mood in calm begone
sensing distaste for others and you
Look not inside when cast judgment
about
sullyng plate of Christ iridescent
Leave not thy mind on distant
shores
Place thyself in Me
Who warbles tones of placate
easing thee into sacrosanct Heart
of inextinguishable love
Consumed art thee by grime and
gravel
escapading in land of Nod
Flagstones of golden hue
placed beneath thy feet

tantalize thy steps of return
to kingdom village
Traction gained
Rant and rave
in access of bologna mind
to thy express
Dowse thy sandstorm
with waters of Virgin Birth
Seeds of love salted away
awaiting grounding in turf sown

2685

7-20-2006

East must I succumb to
West must I go to
in tree tops of never-never land

2686

7-21-2006

Above all church
the Lord's prayer
Leave your peace
Directly speak of My exist
to those who gather about
Thinking of Me lies thine incline
in bastion of self-assure
Lock horns with disbelief

2687

7-22-2006

White Fish blends
with stories told
of peace on Earth
Let thyself speak of Me
Who shall see thee
will be sent by Me
Within thyself be the foundation
of love centered
duly available

Wrestle not with call
Dominion delivered delicately
Be assured
Resolution retrieved
Realize reality

2688

7-23-2006

'Lest you forget
simply turn to Me for endowment
Love speaks
Listen for Me
Reckon with Me thy vomit
pursuing goals of imaginary
sweepstakes
in land of Nod
that lead nowhere but oblivion
Course of action declared null and
void
ordered by you without consultation
Make sure thou come
to receive juice of contentment
spread about the land
in My name and Mine alone
Listen not to sounds of trouble
caterwauling in thy mind
Thy mission done in full accord

2689

7-24-2006

Holy solution to world totterings
Underworld denizens lean forward
with rap interest
to mitigating circumstances
allowing communication between
you and Me
Dost thee know Me as thine own
Replicate
Realize thy self

long lost in limbo
Soothe thine injured self
with pastel colors of serenity
hooked into deposit box
heavenly secured

2690
7-25-2006

Let your home be in Me
thy life Saver and Source of well-
being

Hasten to Me thy will and way
grandly held together in perfect
harmony

of Spirit blended
Wait for Me to do thy will
leading thee to unison of footsteps
in chaste corridors of holiness
extended

2691
7-26-2006

Will thyself to do good for Me
enabling thee to reach
pavilions of performance
guided by Me

Resonate with Me in tapestry of life
keel hauling human element
in seas of cleansing foam

Satanalia prophesizes dooms day
scenario
Doom's day washed out in blood of
the Lamb

2692
7-27-2006

Rustle the leaves of love
declaring entourage present
of practitioners

Hurdle the stones of disallow
basking in the sunlight
of forbidden fruit
that enters through passageway
of opened door
Circular the route of return
to heaven's abide
Listen to Me for thy reward

2693
7-28-2006

Sit still
in thy swamp of fiendish frescoes
awaiting the Rose come a 'calling
Token of love recovered
from tedious medium
when glorified am I by you

2694
7-29-2006
The answer
is to be saved

Worthy art thee of My hand
and care
in desert of dry land

2695
7-30-2006

Hopeless thy cause
dew dropped in songs of heaven
preserved
Lost art thee
placed asunder from heavenly
dialogue
maintaining thy one and only port of
call

2696
8-1-2006

Homogenous thy roof and sky
emboldened by grasp of common
theme
and goal

Look forward to enablement
Listen not to hogwash of villainy
verified

that casts shadows on plans of love

Look to Me for end of chatter
that announces kingdom come to
minds of man

Sweet the sound of grace delivered

Hunt is on for florescent Foreigner

Who twists thy tale
into channels of radiant light
recovered

2697

8-2-2006

Hear Me when I speak to you
of dolorous minds and keepsakes
of madness moments descending
with

ever-present vitriol
'less thee forsake My mind internal
as viable and uplifting

2698

8-3-2006

Unknown the Source of love
that bends thee to My will
Set forth My way as thine
listening for Me

to instruct what thee would know
We're going to hit that corridor
again

for thy claims I will allow

2699

8-4-2006

Waste not thy time
with tremulous wanderings
Seek instead Master of thy fate
Who waltzes thee through
to enduring end

2700

8-5-2006

Roll out thy welcome mat
for Me to adorn

2701

8-6-2006

Collect thy self from boundaries
deep
that perpetrate snowy Winds of love
possessed

Richness of love subsides not
in legacy of God's dominion

2702

8-6-2006

Lead us in Your path O Lord
where shame and degrade are non-
exist

2703

8-6-2006

Lost art thee in shades of shame
awaiting My call
to transfer thee to upper order of
Air wave

2704

8-7-2006

Fork over thy resolute way
that brings Me to thee
Lean not on Lamp post

where sits the God of heaven
Sink yourself into swamp of
deliberation
cooking with gasses of fecal toxicity
Burn with fire of flaming Core
wending your way to lucidity
Hurt not thy will
with cosmopolitan manner

2705

8-8-2006

Reach not for gold nuggets
found in streams of love
when fly off the handle
in tirades of distemper
Little thy view of self and others

2706

8-9-2006

Pour yourself into Me
Sent for art thee by Me
for purposes joined in harmony
while away in thy time in disorder
thinking thy will be done o'er Mine
Let hum thy tune of coherence
tied into state of mind
unblemished by stain of My
disqualification

2707

8-10-2006

Wait not for Me in cinder cell
blaspheming role of Holy Maid
endowed with Grain

2708

8-11-2006

Lay thyself down like 'pon a
mountain

breathing air of simplicity drawn
about

Place thine head 'pon My shoulder
leaving Eastertide be thy self
Blessed be thee in Company
blowing like Wind
Waste not thy time with dippy
doodle fancies
in malarkey world of toss and turn
Let freedom ring in towns and
countries

liberated by fetching presence
of God almighty
Ruler of flow and fallow
Sanctify thyself in moments
of peaceful transition
weighing in
as soulful companion to
incorruptible God

2709

8-12-2006

The door is opening
Pound thy brethren
Cross thyself
Hit thyself with consummate Grace
exposing backbone
Nestle into Me thy whereabouts
that tells thee right and wrong
Press thyself into My womb
that births thee
with promise of golden horns
placed with thee to succor world
of dementia doldrums

2710

8-13-2006

Ratchet up
Hear Me in the morning dew

calling thee to service wanted
Make of Me thy Home
that lets thee saunter
through underbrush making of thee
servant true and tried
Thy name be holy waiting for Me
to succor thee with milk of human
kindness

that waves about sphere of
engagement
Hosts of heaven participate
in land held locked by human
thought
bringing thee good news
of kingdom coming into souls of
man
recovered at heaven's gate
Ease thyself into heaven's garb
Wish not for thy sight placed before
Mine

2711
8-14-2006

In guilt
become locked into inner turmoil
Pacify thine inner self
with cooler Head of holy origin

2712
8-15-2006

Sought for advice
comes from unity with the Holy
Spirit
Cease and desist thy ways
of temper framing
Coddle thyself with warm heart
knowing that all is well
in stratosphere of love possessed

Listen for Me in Central Dial tuned
in
Driven by Me art thee
awakening to mind of Mine
Walk in Shadow of Me
cast before thee for surefootedness

2713
8-16-2006

Harvest thy skills
in twinkling of an eye
dedicated to path of return
to kingdom home

2714
8-17-2006

Hurt not inside of mind of thine
when cast thyself to Wind of Mine
Look forward to sunshine days
Beg Me
Hold onto thy thoughts
that well from within
disabling thee from touch of Me
thy Parent and Guide of thy life

2715
8-18-2006
Elate

2716
8-19-2006

Hospitable to Me art thee
smoothing out corners of tablecloth
placed on alter of Godly intent
Willingness to serve Me propels
thee further

2717
8-20-2006

Sink thyself into Me
thy Mainstay that wanders not
from the Source of magnet life
Let Me be thy Guide and
Wayshower
Who eclipses the mold and dross
of life gone awry
Wrap thyself within Me
Who fosters growth in thee
Trajectory of heaven bent
sidles close to thee
awaiting touch of Holy Spirit
to guide thee on thy way

2718

8-21-2006

Into thy mind comes the Wind
Vindication emerges
from songs of heaven felt
that breeze through thee
in moments of sacred devotion
Hear Me in thine heart
speaking to you of love
and grace propounded

2719

8-22-2006

Lay thyself down to Me
work-a-day son
blossoming in heart of God
delivered to forefront of thine
activity

2720

8-23-2006

Let loose thy brains
that mock Me sorely
eviscerating guts of God
from hermitage within

Shuffle thy feet in place
Reach out to Me
thy surefooted Savior
that places thee
in thick and thin of Resurrection
format
meant to be for thee and Me
Sacraments honor

2721
8-23-2006
Wait not for Me
Reach for Me in summertime of love
hearing sleigh bells

2722

8-23-2006

The blue codger

2723

8-24-2006

You can't reach Me
in blue skies
in teeth of storm
Hideous the sounds of negligence
ignoring My part
in receiving the world of make
believe
Lessons learned from mistakes
made
bend thy mind to Mine
seeking corrections of miscues
formulated by blowhard renditions
of miniscule meanderings

2724

8-25-2006

Stand still
Hear Me in morning dew

2725
8-25-2006
Socrates

2726
8-25-2006
Listen to Me in far Wind's blowing
crusading for love lost's return

2727
8-26-2006
Rulership thine when cast thyself
to Wind of change
seeking holy orders
to sanctify thy life
in world of dribble
Seek Me to forfeit thy life of shame
exchanged for meaningful whole

2728
8-27-2006
Every time you called your Daddy
your Daddy came through
Blissfully thee sleep in arms of Me
when in accord with Master rule
Let thyself be close to Me
warmed by My embrace
that suckles thy diligence
to perform thy ministry of Mine
Hold thyself up to Me for delivery of
hope
aroused in soul of thine by pocket of
Presence
emerging from quarters within

2729
8-28-2006
Lost art thee in terrain ignoble

fancying thyself free of Me
Who galvanizes thee
Hurt thee will when absconding
with bricks and mortar of eternal
structure
ruining façade of loyal citizen
of royal kingdom
Make way for Me thy Father
and true Helper
lost not in corrective mechanics
for maintaining contact
Listen not to sophistry
that guts the call of God
wending Its way to charges

2730
8-29-2006
Listen not to chimes of clock
that foretell future
Remain still inside Me
that delivers faith in things to come
Reason not thy way or path
Succumb to God
Who grants thee safe passage
on trip to holy land discovered
within
Hold thyself up to Me
Who sees thee clear through
upgrading thee for future work
and service abroad

2731
8-30-2006
Diligent be horse collared
Help thyself to Me for franking
Let kingdom come to thee from Me

2732
8-31-2006

Suffer not thy thoughts or senses
Between thee and Me
naught else exists but ceaseless
care
hilt filled with prayerful silence

2733

9-1-2006

Wait for seeds to fall
that configure plans
to conjoin world's people
in march to kingdom home
unabashed
Let be what must be
Hurt when you sing of love
fractured
Leaderless art thee when consumed
with fire

2734

9-2-2006

Foresee not bigger than you

2735

9-3-2006

Open hearts receive gladness
succored by peace
Sit in spoonfuls of ingredients
sent thy way
by ever present Higher Power
attached in silence space
Look askance from Me weathering
the world

2736

9-4-2006

Promissory note delivered to
Windmill
Sunset grows in mystic's dreams

Host Me in thy silence
spinning tales of misery

2737

9-5-2006

Mass transit
Fall back on Me thy dependable
Servant
Who guides thee in moments of
truth converted
Will of the wisp
tortured art thee by outer banks
that bring thee naught
but hasty conclusions
based on asymmetry of content
that mocks My rule
Fortunate art thee
Daybreak looms in malformed mind

2738

9-6-2006

Stupefied
magnify thyself in Me
that transposes heart of Mine
to thine
Hold forth thy way to receive just
rewards

2739

9-7-2006

Queen's land perimeter
frosted

2740

9-8-2006

Would that you sit by the Fire
Let tapestries of love
surround you
retaining heat a 'glow

Soon will come the leaves of spring
Listen for Me in all thee do
hammered down
Bastions of infamy
collide with immovable Force
set free to work with thee

2741

9-9-2006

Halt thy ways of knowing
and distance thyself from shredded
knowledge

2742

9-10-2006

Oust thyself from frills concerned
Maintain course of confirmation
neglected not
See thy way to Me
Who fulfills thee
Lance thyself in troubled sphere
deploying nonsense gained
in mega maniacal mind of
meaninglessness
See to it that your destiny
is entwined with Mine
as locus of your thoughts
Bliss will become thee
fastened to Me

2743

9-11-2006

First be thy name ceded
listed in dictionary of daring-do
Insensible art thee moved away
from Me
plunged into pits of living hell
Take Me with thee
to place of bombast

listening for command
that sets thee free from twisted mind
of human furor
Safe art thee with Me
in chart of affairs of the mind
Set Me free to move thee
as I want and know

2744

9-12-2006

Near you am I
singing in the rain
of joy unimaginable
Congregate in blissful sounds of
song
Order submitted
Hypocrisy hurts thy hand
when dealth cards to sojourners in
truth

2745

9-13-2006

Hide not thy face from Me
Who sendeth thee on missions pure
to claim My people
from ways alluring of tribal
imbalance
Destined are thee to soak up
wayward sots of drunken
mismanagement
Rouse thyself to care for Me
and My whereabouts
'lest thee see fragments
of ignoble sentiments of wasteland
Sadness reigns in depths of sorrow
Misfortune brings the taste of Love
that hastens to thy side
from glimmering shadows
allowing thee to succor others

2746

9-14-2006

Be with Me in sundown time
offering self to service
Let spring from thy heart
tools of trade that satisfy Me
in thy will being done as would
Mine
Help yourself to My doting
pleasing thee with constant accord

2747

9-15-2006

Wait for Me in all you do
watching for whereabouts of My
appear
Send forth thy vibes in miniscule
world
lurking beneath overalls of worldly
concerns
Listen for hijinks that tread in water
of holy proportions
Magnify Bishop's standing
on course proposed by electorate

2748

9-16-2006

Hold thyself in
Then She is yours

2749

9-17-2006

Listen not to humdrum of world's
events
that mingles with thoughts of Mine
Move thyself to ground of reception
aired
that plays tunes of love

delivered by My Facsimile

Makest this thy home
made silent for Me
Ponder My declarations
made for thy deliverance
History endows thee
with call of the Wild
unblemished in heartsong
beyond thy supercilious world

2750

9-18-2006

Wake not to fitful dreams
Molecules of dirt
betray longing for civility
in life of perplexity
Miss not with Me thy Treasure Trove

2751

9-19-2006

Loneliness a kin

2752

9-20-2006

Ultimately will thee sing to Me
of joy triumphant
that courses through thee
on wings of prayer
Look aside from hounds of war
stalking thee
with relics of dishonor and abuse
of low lands murky deep
with fusion to hell on wheels
Set not thy teeth in grim fashion
doodling with time
awakened in harmony of thy soul
and Mine

2753

9-21-2006
Desperate art thee knowing not
the strength of Me
Wait not for the fossilized arm
of the unbeliever
that chastises thee
Reach instead for that
which protects thee
from sights and sounds of nonsense
streams
lurking beneath shadows of
mausoleums
filled with rotted soil

2754
9-22-2006
Ream out thy florid mask
encasing holy venue
mushrooming into global sphere
landlocked no further
Wait not for songs of love
when trolling waters of imagined
maelstrom

2755
9-23-2006
Reach not for tender loins
that beguile thee away
from stream of consciousness
heaven sent

2756
9-24-2006
Blaspheme
Wake to sense of sorcery
that clears out rule of law
dominating thy mind
Let thyself be free
of intermittent falsifications

clouding thy sphere of
communication
with greater God
Loose thy cannon
of ecclesiastical harangues
perseverating

2757
9-25-2006
Walk not on tiptoes
through your public jaunt
All thou see will be Mine
Wait not for Me when sun dips
beneath horizon
Blessed sounds emerge from Tree
of life
at all times in all matters
Escape not thy ways
'till fullness of soul
responds to Me in ever-loving
embrace

2758
9-26-2006
Roundabout lie the sprigs of grass
tossed as cover of unseemly world
destined for absolution

2759
9-27-2006
Walk with Me in sunlight of dawn
awakening to flowers cast off
sprinkled with dew drops of love
Sincere thee be attuned to Me
midst hobgoblins of worldly desires

2760
9-28-2006
Walk not in path of righteousness

when you cloud thine eyes
with silken forms of holiness defiled
To tell your words
listen to Son-God

2761

9-29-2006

Set forth thy head upon the ground
listening for Me

Who wants thy will and way
forwarded

Forsake Me not Who is thy Mainstay
and credible Source

2762

9-30-2006

Wake not to thoughts of Me
dreaming of hand built world
of misery and sorrows

Waylaid art thee by psalms of
torture

enclosing thee with screams of
torment

exercised by midnight mind
of madness exuded

Watch for Me signaling thee
with calls of quiet tones
assuring thee of blight defused
by calm seas of robust well-being.

Sincere thy gesture
of renouncing earthly plane
delving into matters of heavenly
import

Twice the magnitude of hearts
involved

2763

10-1-2006

Lessen thy burdens by coming to
Me

listing thyself as servant of Mine
Faultless be when compelled
by My stream of navigation

that enlists thee

for performing product of My mind
Till thy soil

2764

10-2-2006

This is the way to blow a man down
Teach thy ways of liberation
that all may see

thy duties in accord with Me

Wait for thine enlightenment

that serves thee in thrust

of kingdom music persevering

Here by My side do you lie

tending My sheep that you raise up
listening for My word

Awake to My hold of thee

cherished one of My dreamscape
that withers not on My vine

2765

10-3-2006

Help Me in what I do
standing beside Me in sun and rain

2766

10-4-2006

Linked to Me be

in thought and mind

wayfaring in world of misadventure
being delivered to your heart

2767

10-5-2006

Raise not thy voice
for sin and suffering
that perplex the soul of long lost son
Rinse thy mouth with songs of love
that persuade thee to climb stairs
to heavenly home
Lie back in grasp of eternal Heart
overwhelmed

2768

10-6-2006

Warped art thee
when consumed by grief
of bitter world of strife and sorrow
Love exists in saints
Hurt not thy heart
when recalled from tip of the design

2769

10-7-2006

Bluebirds of happiness surround
you
with eternal rewards for thy
vigilance
Forsake thine expectation
when cloud over with droves of self
aware
Visit Me for life renewed
in dung heap of worldly
degradation

2770

10-8-2006

God answers for you

2771

10-9-2006

Hold not thyself in
from wigwams of faith

that belie centuries of warmed over
hash

Listen to Me

thy centerpiece of ministry
unfolding in due course
leading thee to soul's center

2772

10-10-2006

See to it that you love Me true
beyond the pale

2773

10-11-2006

Wait not for Me in blooming garden
gate locked
sequestered in dome of hell
awaiting morbidity of anxious
thoughts
Sass not thy squirrely ways
Baseless thy mode of misdirect

2774

10-12-2006

Flotsam beached by waves of
dilution
clear seas of turbidity
Nestle in clarity of swells

2775

10-12-2006

Bedding down in blue jeans
satisfies criteria for breaking of
dawn

2776

10-13-2006

Echo not the view
of wisdom sought in strange places

aligned with crooked path
of leadership
instilled by wanton ways of world
Listless be when stoking the fires of
chagrin
Senseless be
when mooning about lost romance
in straits of detour
Meaningless the chants of even'
song
wooing paralysis of lost mind
Fecund be in trip with Me
blotting out feelings of loss in
symbiotic colloquy

2777

10-14-2006

Historic venture proceeds intact
enveloping world with sapphire
light
of brilliant intensity

2778

10-15-2006

Broadcast thy news
dislocating tremors of disobedience
Sanctify
Set forth thy stance
of worldly ways devoured
Lock horns with ghosts of madness
decimating valleys of indecision
See eternal Light of path defined
rupture solstice of
disingenuousness

2779

10-16-2006

Log My Spirit
Orderly be thy life when tuned in

Witness to world thy blossomed
touch
Dangerous be when not of Me
thy Hillbilly of natural world
Distant the sounds of drums
lolling thee to sleep
Sought for peace declared
by harps ingrained in souls of man
looking askance at weather-beaten
minds
of man disintegrating

2780

10-17-2006

Look down upon Me
that you might see
the world of love as presented to
thee

Landslide totals world of woe
doomed by blast of correction fluid
delivered by Redeemer

2781

10-18-2006

Sideways digress at healing points
filled with cancers of illusion
Fill thy foul mouth
with celebrations of holy Word
designed to disperse thy
despondency
in world of wicked ways
Wait for Me thy Challenger

2782

10-19-2006

Midst the sorrow of human
temperament
stands clear the Light of love
sweeping down from above

Lose not thy ways
circumscribed inviolate
to the ways and wants of ignoble
lostness
Still thy gears
for I am with you at all times
and in all matters that beset you
from the world of dishevelment

2783

10-20-2006

Mentor

Teach the ways of God the Father
that remain unknown to children of
man

2784

10-21-2006

Hearts taken up
with purity imagined
destined to seek out
God's delicacy laden plate
Starbursts fill thy swimming pool
of natural energy
for people awaiting swatches
of divine activity blossoming

2785

10-22-2006

Set forth thy standards true
that all may believe in ways of God
Hit thy top
standing about in waves of delirium
Reach out for Me
that guides thee
through impediments to love
between children of Mine
laced together in oneness of spirit
Corkscrew

2786

10-23-2006

Read not thy rules accelerating
Heart sunk in miasma of information
stultifying
Kick out laws of self generation
Incense laden prayer
stabilizes rush to incandescence

2787

10-24-2006

Waylaid by human heart
seek advice from Christ the King
Who loves and reigns with thee
in mud holes of disillusionment
bopping along on three cylinders

2788

10-25-2006

White sand of desert
blooms Cactus primeval
that fills thee with living water
Cut off from eastern skies
blemishes goal set by internal
organs

2789

10-26-2006

I remind you of the importance
of that peace of mind
If you have a problem
don't put it off
Ask in His Name
Source of love commends you
implanting roots of seasonal joy
that comes with Christ's presence
to celebrants

2790
10-27-2006
Entrust yourself to Me

2791
10-28-2006
Withered the moss
on the tree of life
exposed to light driven by Goddess

2792
10-29-2006
Signal thine intentions
that delve into sounds
of man hiccupping
over fate in bestial deviltry
in world of wanton seclusion
Let be thy way as Mine
ministering to numbness
of minds attached to deviousness
of shifting winds
Remove thy cloak of waywardness
to extend thy light of compassion
exiting from Me
Holy is thy name
inured of Me
thy Castle point
Inveterate be
lactating My heart

2793
10-30-2006
Lips of love tranquilizing you
seeking harmony
Silliness compounded by
mortification
of low life living in dusk of sewer's
lasting image

2794
10-31-2006
Her face is Her name

2795
11-1-2006
Character of litany transposes thee
from frosty frumpiness to model of
dignity
excising demons below
Golden shores of Nirvana
beckon thee to sweep aside
all desultory thoughts and moods
Hasten to Me
on golden strands of lollipops

2796
11-2-2006
Hasten to My side
and view My works
that thoroughly and consistently
complete My vision
altered not by worms eye view
of misaligned mind
Single out thy tombstone
that matters not to Wisdom's way
navigating celestial site
as proposed alternative

2797
11-3-2006
You shall sail the oceans blue
midst streams of dummies
coursing beside
Stardust blossoms labor to bring
God to man
Be in front of palm trees

2798

11-4-2006
Decisive be
casting thy stone in water

2799
11-5-2006
Servant be to Me
Twinges of fate call thee by name
to express loving kindness
in world of horror and shock
Lavender propels
sweet essence of sacred Spirit
emerging into world of shame's
byways
illuminating focal point of treason
eliminated piecemeal

2800
11-6-2006
Lineage forsaken
when you count your chickens
before they hatch
translating circumstances
by means of whoop-de-do mindset
of malevolent proportions

2801
11-6-2006
Reindeer dot soil of kingdom land
Playland dupes thee with sounds of
fog horns
mystifying soul

2802
11-7-2006
Sordid art thee in towns of lovelorn
seeking rescue from hang dog
feelings
Watch for elves of happiness

containing joy of sunshine clear
unhampered by craving for
tempestuous affairs

2803
11-8-2006
Let Me speak to you of golden
grants
that become you in ways and
wisdom
Let Me pour out My mind to you
containing chants of love
and permissive paths
enabling you to sound the words
that elucidate the meaning and
mores
of thy Father God
Who is the example for a life
of service within
Clothes dispel emigration from
higher circles

2804
11-9-2006
Dastardly the deeds of human
madness
succumbing to vile threats of
tortured souls
Cast away thy fears and false
affronts
that suffocate thy heart
of whispered love
Let mediate My Spirit that comes
upon thee
with wings of grace
delivering smooth passage
to waste lands abandoned
and heaven recovered

2805
11-10-2006
Caper planned for execution
falls short of expectation
delayed by moratorium on self
made calamities
Seek Me in all thee do
'lest flattery becomes thy goal
Wash thy hands of make believe
to receive true God and missions
thereof

2806
11-11-2006
Wait not for Me to descend
Fancy your telling

2807
11-12-2006
Wash basin
sign of Lord's cleansing
delivered to you by Holy Spirit
demarcating line of healing power
that all may be surrendered
of poppycock dwelling in bestial
human spirit
Wash thyself in suds of clearing
broth
and tangy afterlife
possessed by better nature
Illuminate thy view
from chastisement and moral
corruption

Succor those who need you
Healing heart of God
domesticates you

flabbergasting thee
with wholesome life of higher
regard

2809

We're brothers and sisters
Vested be in Me
that sees thee through thick and thin
revolving around playland's
borders
Watch for Me
shelling out life-giving views
instructing thee on purpose
and duty filled
Zest fills thy heart
unashamed of My principles
that dwell in holy rites of
communing

2810
11-15-2006
Reach not for Me
in zone of playland
that abuses memory of My presence
Wasted art thee
when thinking of winter weather
climbing about shale
and droppings of fodder
that mingle with majesty of My
domain

2811
11-16-2006
Somebody smarter than you
is watching this all
Round up thy nostrils
centered in Me
to form bridge of faith endeared

from cowslip

to receive thy mission
circulating in mind of God
presumptuously delivered
to thy cranium
Rest well in thy deliverance

2814

11-19-2006

Stipulations made by Jesus song
inconceivable
keeping abreast with marshlands
of total conceit
Viewpoint Mine
translated in water grace
transfixed by upper sphere
of communication
allowed to thee by My helpers
Elongate thine heart
to rest in Me
that desires full service of thee

2815

Slough off thy crusty demeanor
stopping off at place of retreat
where calmness rules thy daily
deeds
Manner Mine expedites fishing
venue

thee will

Cherries portioned out to Mine
lose luster
in dim light of mind
proposed to insanity

Heal thyself O sinner
of drubbing by alter-god
that condemns thee to life
of pain and sorrow
Prostrate thyself on carpet of
heaven
lent to thee in dreams
of wayward lands
Dim thy light in proportion to Mine
Sizzle
the pace of embrace
that dominates thy life
in caucus with souls
of enduring light

2818

11-23-2006

that thee may see

crowns of glory bestowed

lurking among His paralyzed
cohabitants
warming them with centrifugal force

Monuments of glory scene
protrude through seascape
of longing and desires

and the way will shine

2829

12-3-2006

Kidnapped thy charge
wrested away from heavenly scene
discolored by stain of earthly ties
A Name unsung
coincides with breadth of God's
Spirit

2830

12-4-2006

Siphon off thy dream state
Hark the herald angels sing
Listen for Me thy choral Master
unfolding licensure
Sing a song

2831

12-5-2006

Sensible be
the storms and rages declined
in sewer of human despair
Access to Me floating on wings of
prayer

2832

12-6-2006

Long for Me that satisfies thee

Succinct the sound
of whispered Draft
purring in delight
at candy store of broken dreams

2833

12-7-2006

The law of shanks and sorrows
cannot be
for eventually it turns upon itself
The medium of love
co-exists eternally
That be My song
Tongues flick
at silent sounds' embellishings
Let be seen My love for thee
marked in rhythm pure

2834

12-8-2006

Sink not into hell hole of despair
that clouds thy mind with vitriol

Trounced the misbelievers

Elaborate the cause of death
configured
Renounce the system
of deceit and delusion
Congregate in halls of uplift and
light
where recovered the spirit
of God-made man

2836

to nomenclature of Holy Spirit
guiding thee within
Elusive format gains ground
Momentum building

2844

12-18-2006

Chronology deferred
Jettison baggage
Pulsations of gnomes

Depend on Me thy film Maker
Signify thy love for Me
by dwelling in My heart
awaiting forecast of ancient flowers
Center in on home town rule
that flourishes yet

2853
12-27-2006
Wind down thy life

Listen not for sounds of Me
'lest thee face Me in driblets of time
Possess Me in grandeur scheme
by throwing away thy life
pursuing hell
Wake up to mealy mouth ways
Demand recognition of dimwitted
calamity
Excoriate the chants of demon
dances

2854
12-28-2006
See you
matador of change

What you plant is what you eat
He that seeketh Me seeketh power
Dig in to shore line

of incestuous land
nodding in agreement
with vultures of paradise
cooing in support of ravenous
appetites
Bet on those who supply linguistics
to taller task
salvaging mankind
from depths of furious dissolution
and despair
Evaporation complete
in modest effort of jugular
manipulation
