Scripture:

Memory Verse:

Prepare: Prepare to study the text. Pray before reading the text. Read the text several times and if possible, in multiple translations. Meditate on the text. What is God saying through this text? Select some good resources to assist your study of the text.

Ask: Ask good questions of the text: Who, what, when, where, why, how? What did the text mean to the original audience to whom it was written in biblical times?

Timeless Truth: What is the timeless truth of the text? The truth should be reflected in the text, the truth should not be tied to a specific time, the truth should not be bound by culture, the truth should not contradict the rest of Scripture, the truth should apply in any time.

Happens: What happens now? What is my response to this text? How can I apply this in my life? Is there something I should start, stop, say, do, an error to avoid, a sin to confess, a prayer to pray, a truth to believe, a praise to God to offer?
