## Parent & Youth Meeting Tonight @ 4P

All parents and youth (age 12+) are asked to attend a meeting **TONIGHT at 4PM** to meet the husband & wife that the church leadership is prayerfully considering to be our next Student & Young Adult Pastor. We are greatly encouraged at their maturity, qualifications, vision, and heart to pastor our students and young adults. This will be a time for parents and youth to meet them and to ask any questions. They will share their heart and vision as well. **Please make every effort to be in attendance tonight.**

If you are poor and living in the mountain villages of the Dominican Republic you are most likely not going to get an education. The few public schools require every student to provide their own materials and without those supplies you cannot attend school.

This is why so many of these children go on educated. The long-term effect of this lack of education is staggering. But YOU can make a difference by partnering with cups mission "operation education" quote to give opportunity and education to the poorest of children.

**YOU can be a hero for a poor child and make a significant difference in their life this year.**

Many of the children in powered by operation education are those who live at the garbage dump. These children are also given the need of clothing and shoes along with their school supplies. This educational opportunity means their parents will be the last generation to have to live from a garbage dump.
