USING THE FIGHT CLUB READING PLAN

FOLLOWING JESUS PLAN

- Our goal is to grow disciples who are able to feed on the whole of Scripture.
- At the same time for many it will be helpful to saturate oneself in the gospel, life, and commands of Jesus in small regular readings first.
- This plan attempts to progress people into being able to reading through all of God's Word in view of the gospel story with Jesus as the hero in a one year plan.

WEEKS

- Completing that plan as laid out would take 52 weeks = 1 year.
- If you are leading a group with non-readers, those who need extra time grasping the process, or unbelievers you can turn the days into weeks and work through the Scripture together at your meeting through reading or oral re-telling.

READINGS

- Read through the 5 readings each week prior to your Fight Club meeting.
- Verses in parentheses are recommended to help answering questions.
- Supplemental reading from books are provided for those who want to dig deeper.

AFTER EACH READING ANSWER THE 6 QUESTIONS

1. What is God saying? (main points)
2. Who is God? (What is God like?)
3. What has God done? (In Jesus' life, death, resurrection)
4. Who am I?
5. What should I do?
6. Why is the Spirit showing me this now?

MULTIPLICATION POINTS

- These are points where healthy multiplication of a group is more likely to occur.
- When a new group is launched with new people it is good that you start back at the very beginning. The Spirit will make the readings fresh, and you will grow as one who helps those who are doing this for the first time. ***But, if you feel it would be more healthy for you and your group to dive into another part of Scripture, please follow the lead of the Spirit.***

MEMORY VERSE

- Each week will have a suggested verse to memorize.
