

The Victory Baptist Academy school board voted to lift the mask mandate, making it optional for students and staff to continue to wear face coverings. The resolution will take effect on Monday, March 22nd.

This decision was made based on Governor Abbott's lifting of the mask mandate, the declining trend in positive COVID-19 cases in Parker County, and the input from our advisors. We feel this decision will allow the VBA families and staff to do what they feel is best for their families. If you feel it is important for you or your student to wear a mask, we support your decision.

We will continue to carefully watch for any spike in COVID-19 cases, and we will keep other COVID protocols in place throughout the rest of the year.
