

Calvary Chapel of Queen Creek

March 21, 2016

To Whom It May Concern:

I have known Daniel for over seven years now and he and his family are faithful believers. I met them when we traveled together for missionary work with my wife and two other pastors and their wives. It was a blessed trip where we saw firsthand the heart of Daniel and his family.

Daniel has visited our church to address the flock on various occasions. He always does a great job of conveying the need to reach out to the lost of this world and even more specifically, Muslims. He exhibits grace, compassion, faith, zeal etc. and is willing to go wherever the Holy Spirit leads him. At our outreaches, Daniel and his team would come out on a Saturday morning to train those interested in going out to evangelize. He would go over the Word, teaching the class about evangelism and why it is so important. He would then go with everyone to a local park and practice what was taught. The people visiting the park were very open to those who were sharing the Gospel and several of them received the Lord or asked for prayer. The training was very beneficial and helped those who participated to be more at ease with sharing their faith. It was definitely beneficial and we look forward to having Daniel out again this year. The following dates are when he came out in 2015, 3/28, 7/25, 9/12, 10/10, 12/12. As you can see, Daniel is willing to travel and train for God's Kingdom here on this earth.

In closing, I would have no reservations in recommending Daniel to visit other churches for training and practical application. He is always welcome here at our fellowship! Have a blessed day in the Lord!

In the precious name of Jesus,
Pastor Jim Remington
