

Calvary Chapel of Black Canyon City

March 23, 2016

To Whom It May Concern,

I have known Daniel Ted since 2006. Since then he and his family have become trusted friends and fellow servants. He has given our congregation insights into Islamic people that we would have never had, as well as giving me opportunities to connect and communicate with Islamic leaders in the Phoenix, Arizona area.

Daniel's experiences make him a valuable asset to the body of Jesus Christ around the world, and I have personally worked alongside him on two continents. He has led myself with three other brothers through an area covering 200 miles, into house churches in the Middle East, where we were able to encourage many people. He has subsequently led many from our congregation into dialogue with local Muslims.

When Daniel Ted speaks he exhibits a passion for evangelism which is contagious. I highly recommend you meet with him, for I know he will be a great blessing for you, your associates, and your congregation.

**For His Glory,
Pastor Huck Kusner
Calvary Chapel of Black Canyon City**
