

Charger Society

Christ Community Lutheran School exists to transform lives through Christ-centered education. The CCLS Charger Society was established in 2011 to assemble a group of passionate supporters to lead the community to financially invest in the school's vision and mission.

Impact

Gifts made to the Charger Society provide for the exceptional resources that support an environment of academic excellence at CCLS. Charger Society gifts allow us to equip our classrooms with the curriculum, technology and other resources necessary for a premiere learning environment. In recent years, the CCLS Board of Directors has used Charger Society gifts to invest in facility improvements on all four campuses. Additionally, Charger Society gifts provide tuition assistance and investment in new initiatives to increase accessibility to high-quality, Christ-centered education.

Membership

Membership in the Charger Society is granted on a biennial basis, with membership recruitment occurring in school years opposite those of the CCLS *Hearts on Fire* fundraising dinner auction. Membership is granted to donors with gifts of \$2,500 or more made during the recruitment school year. Donations are calculated based on a combination of personal donations and matching gifts. Levels of membership are defined by \$2,500, \$5,000 and \$10,000 gifts.
