

## **John Duma**

### Elder

John's mission as an Elder is to support Brian, Foundry Church's Senior Pastor, and the staff while also being an overseer of the people and resources God has given the church. His vision is to see the church as a place where the traditional and the non-traditional Christian or seeker can come and further their spiritual experience. John knows that this often requires a time of healing from many of life's challenges and then re-launching their spiritual life. The thing that moves him forward is that God has allowed the challenges experienced by Foundry's leadership to be a continuing path of spiritual growth.

What's important to John as far as Foundry is concerned: "We are here for you regardless of your past, present, or future. We have no preconceived ideas of what a follower of Christ should look like." All are Welcome.
