

## **Linda Jensen**

### Donations Processor

Linda is the person responsible for processing all funds received by the church, whether for the general fund, mission trips, or special projects. For her, the most important aspect of her job is accuracy, competency, and confidentiality. In her 20 years with Foundry, Linda has seen God move in amazing ways – providing people, opportunities, and financial provision at exactly the right time. She is fully aware that God speaks and acts in His perfect time in the perfect way.

Linda shares in Foundry's goals and is quick to explain them. Foundry's goal is to be biblically based, theologically sound, well run, and seeker and outreach focused. There is no judgement as the church follows biblical soundness.

God has gifted Linda with talents that she has been led to use and excel at when it comes to Foundry. She uses her spiritual gifts to the fullest. In addition to serving on staff, she leads ladies' bible studies on Tuesday mornings; she admits this part of her walk is truly a God given assignment. She is not a teacher but has become one. She sees the hand of God in providing Foundry with the right people to fill the elder and pastoral positions, providing the knowledge, skill sets, and wisdom to lead. She loves having a "teaching team" that brings unique perspectives to the Word of God.

In addition to her commitment to Foundry, Linda also works at Advice and Aid Pregnancy Centers, fulfilling her commitment to women and families.
