

Louis Curtis

Elder

Louis is a member of the Elder Team as well as an active participant in many other groups and missions of Foundry Church. He is about learning and growing God's plan for Foundry, sharing His word and grace with friends, family and visitors who come through the doors of Foundry. Louis acknowledges he is called to provide support for and nurture the church body, and to be a responsible guardian of all that God provides for the ministry.

His vision for the church and the local community is to join together in supporting and serving the needs of the area as the body of Christ. God uses him to meet neighbors in the community, new and current members where they are, non-believers, new Christians and to refresh long-time ministry servants. Louis supports the Foundry Church in the philosophy that church is not a place made up of perfect people, but that we are all sinners striving to create a restorative place for all who seek Him.
