

Scott Shacklett

Elder

Scott is a long-time member and leader of Foundry Church. As an Elder, Scott views his position as a means to serve the Kingdom by making the biggest eternal impact possible through the guidance of the church. He feels that the means to accomplish this is through hospitality and welcoming all who come through the church, being a light to the hurting and to the community.

He also feels it is important for the church and members to be good stewards with what God has given us. Also of importance is the church philosophy that “we just want to bring the better way of Jesus to a busted world.”
