

Shellie Sailer
Coffee House Manager

Shellie, as the manager of Foundry Coffee House, sees her ministry as the front door to the church. She strives to make sure everyone who comes through the doors is welcomed and made to feel that this a place they can belong. Coffeeshop proceeds are used to fund missional work, providing scholarships for people to go on overseas missions and to provide support for local missions. Shellie believes that the coffeeshop is an opening to share with the world that “Jesus is a better way in a busted world!”

In addition to managing the coffeeshop, Shellie is a musician and plays regularly for the church as well as through Prison Ministries.
