

SUNSCREEN PERMISSION FORM

Calvary Child Care Center

*The Office of Child Development & Early Learning (OCDEL) / Department of Human Services (DHS) mandates that we have written permission for children to have sunscreen applied here at Calvary, just as we need written permission to administer any medications.

Child's Name: _____

Class: _____

Date: _____

My child is allowed to have sunscreen applied by an adult while at Calvary Child Care Center.

Parent Signature and Date

We cannot apply sunscreen without this completed form with your labeled bottle of sunscreen

Please return this form with the bottle of sunscreen to the classroom teacher. ←

Sunscreen Guidelines:

Please apply sunscreen BEFORE bringing your child in in the morning if you wish your child to have sun protection for morning outside time.

If the sunscreen needs to be reapplied in the afternoon...

*Bring a fresh bottle of sunscreen – outdated sunscreen may not protect your child. Sunscreen may not stay in backpacks, as we have to keep it out of the reach of children at all times.

- Label all sunscreen bottles by writing on masking tape or labeling tape. Sunscreen makes even permanent marker come off of the bottle.
- Children in preschool and below will have sunscreen applied by an adult. Summer Camp children will apply their own sunscreen.
