

## **Restoration Kids Service Roles**

We believe kids are worthy investment. Kids are not only our future, they're also our present. We believe our kids play a vital role in our community. Therefore, our goal is simple: Restoration Kids exists to love kids and to empower their parents. We love kids. And we love what we can learn from kids.

### **CHECK-IN TEAM**

Clean, organized check-in systems are crucial for welcoming our families. If you like clean, organized systems but also love kids (and adults that accompany them), help us check in our families by serving here.

### **FAMILY USHER/WELCOME TEAM**

We'll be honest, our building is a little quirky. But we like it that way! But many families might find the layout confusing. Our family usher team exists to welcome families and walk with them to where they need to go.

### **TEACHER/ASSISTANT TEAM**

Kids (especially those who don't yet know how to read) won't teach themselves. If you love children and also love teaching, we could use you to teach our young ones. If you don't like teaching but want to be present helping our young ones learn through organizing crafts and activities, we would love for you to assist our teachers.
