## Purpose & Overview

Sunday School classes are designed to train us in our discipleship of Jesus Christ. We provide 4 different tracks for adults age 18 and up to choose from.

## Class Descriptions

**The Gospel Project** traces the chronological storyline of Scripture in three years. It delivers a combination of biblical and systematic theology, with a strong connection to the gospel and missions. It offers "meaty" study with discussion questions, drawing small groups into deeper discipleship.

**Bible Studies for Life** is designed to make disciples through in-depth Bible study that addresses real-life issues, engaging conversation that helps build biblical community, and "Live It Out" application that challenges participants to engage culture biblically.

**Explore the Bible** helps adults understand Bible passages within its larger biblical context using engaging questions, in-depth biblical exposition and commentary, and a Reading Plan for each book to help adults develop personal discipline in reading God's Word

**D-Life** is an organic, intentional, and simple process for equipping believers for a lifestyle of making and multiplying disciples. Read one chapter of the Bible during the week, then discuss a specific text in the group on Sundays.
