Prayer Skills Training Weekend

is an opportunity to allow the Holy Spirit to work in your life,

a seminar to equip you with tools to use in your own life as well as an essential training piece for those who might be sensing a desire or call to future prayer ministry.

Pursuing Our Vision

At First Church we are committed to raising disciples of Jesus Christ. An integral part of the vision includes the establishing of an ongoing ministry of Prayer Skills Training Weekends. All ministry staff have completed a Prayer Skills Training Weekend as well as a number of those in church leadership.

Why have Prayer Skills Training Weekends?

Develop your ability to hear from God. Come away ready to pray for your family and friends more effectively.

Develop your skills and confidence in:

- Listening to God
- Resting in His presence
- Allowing the Holy Spirit to flow through you
- Making yourself available to God

Should I participate?

Although you may never be called to minister to others in this area, this seminar will help you to pray more effectively for yourself and your own family.
