2026 SPEAKER SERIES

Save Money | Save Energy | Keep the Lights On

Learn how you can make your home more energy efficient! Find practical ways to save energy without spending much. Explore installing a heat pump for efficient heating and cooling. Learn about backup battery systems in case the power goes out. Talk to experts and residents about technology, available programs to help with costs - and leave with an action plan. Info: newenergycolorado.org/events

WHEN:
Thursday, November 12, from 7:00 - 8:30
WHERE:
Virtual event on ZOOM
