Supplies List:

- Orange and yellow construction paper
- Bathroom tissue rollers (1 per student)
- Glue
- Scissors

Instructions:

Step 1. Give children a sheet of yellow and a sheet of orange construction paper. Instruct kids to begin cutting the sheets into feather shapes, some large and some small.

Step 2. Give students the tissue paper rollers and instruct them to use their crayons to color the roller to resemble wood. This will be the wooden base of the torch.
