Ram's Horn Ministry

Bringing Good News To Nations

21400 Dushane Parkway, #207, Farmington, MN 55024;
Email: ramshornpol@yahoo.com or r.rmhelpu@gmail.com

We recently returned from almost 8 weeks in Poland, including 5 days in Minsk, Belarus! It was such an amazing time in the Lord as we prepared for this long stretch away, and then to see Him pour out His love, goodness, power, joy, provision, meet our challenges, walk with us every step, and then bring us home in victory! We KNOW that your prayers were powerful on our behalf!

Maybe we can best share vignettes of situations where this was manifested:

Roger's health and mine were amazing! We had virtually no jet lag either direction; we climbed hills, ministered almost non-stop for days, traversed the land of Poland from north to south, and our stamina was awesome! People asked us if we were tired, exhausted, and all we could say was, "No!"

All the time we were in Gdynia, we got to stay in our old office room in the Bible school (CFN, Poland), and watch the sun set over the Baltic with a view from our window; the same sun woke us at 3:30 - 4:00 in the morning! Still beautiful. Gave us a chance to remember the words God spoke over this ministry from Isaiah 43:4-11 back in

1999. God continues to stir those words to cause the nations to be assembled there, and we continued to declare that almost daily.

We got to be a part of school life and be there for graduation — fine group of 7. It was also the location of the Kingdom Culture Schools of Ministry on two weekends in July. It was the perfect place for the group that came, and we also used it for two meetings during the week. It is as though the Presence of God already resided there, and as people came with hungry hearts, listened, participated in the activations in such freedom, God answered in love, power, deliverances, healing, and great joy ... much laughter! **It was one of the most amazing outpourings of the fullness of the Lord** that Roger and I have ever seen, ministered in, and were constantly amazed by Him!

Afterwards, I asked the Lord what this was all about. He told me that He was **captured by all of our hearts** longing for Him, and He just was able to pour out His Spirit in so many ways. It is truly something to remember. LET Him capture OUR hearts ... He then responds in love and joy!

Kingdom Culture School of Ministry

So this leads to sharing more about the actual program of Kingdom Culture School of Ministry. We are convinced it is the most anointed tool we have ever used as it activates the whole body of Christ that participates, and they are changed, and God meets them as they step out!

Stepping out was what we had to do when at the very last moment, Kristen D'Arpa, the author of the book had to stay back in US because of the health condition of her father. We agreed with her but had to face that she had been advertised as the speaker, and she is a powerful, wonderful woman of God! Pastor Aleks and Anna Baluczynski had invited many to come (Anna had

Our KC team with Aleks and Anna on the left and Kathy and Marilyn on the right.

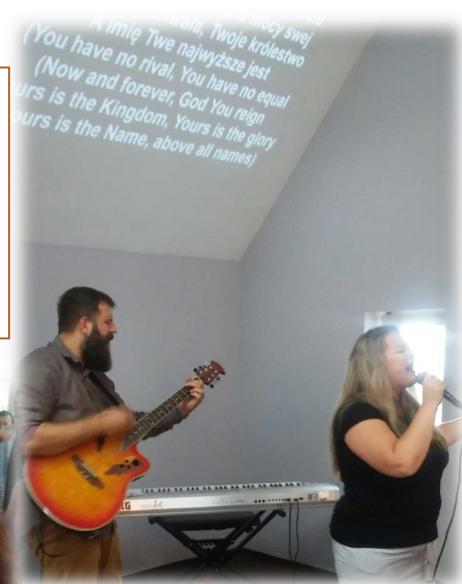

translated the book into Polish), Adrian had done promotion, and we also had invited people. All graciously understood, and God spoke to us that He would use the other two gals, Kathy Silvers and Marilyn Schnell and us, and them, if we would JUST DO IT! (saw it in capital letters)!

Pastor Pavel, Iryna and their family drove up for Kingdom Culture School! As did Piotr and Agata Szwedka and their family from Przemyśl (way south in Poland). What a joy it was to see their families add such life to the

first weekend! Katya and Tima had ridden a bus all night from Wroclaw to Gdansk, along with friends Aloysia and Rita from Nations Church. God honored their commitment, and energy flowed from them with great joy! Can still feel it now!!!! There is nothing so energizing as the Lord's Presence and the fellowship of His people. Plus, others drove from other areas, and for the second weekend, Ala rode the bus 12 hours from Minsk to come, and her friend Inessa came with her flute from Kaliningrad! There is impartation from each person who commits! (and that the flute music delivered people from bondages)!

We did not tell people in advance that Kristen would not be able to attend, but Aleks shared, and we played a short clip from Kristen that blessed the school and explained. So, all during the school, we could tell people, "You can just do it, too! Take and use the book like we are, and just do it! Share with others. They ALL saw the wonderful anointing and blessing of God upon them and the material, and God moved!

**Adrian and Kasia
leading worship —
note song words
"You have no rival,
You have no equal"
— POWER poured
down!!**

**Left: Maksym praying praying
with others. Below left: woman
who had ears healed praying with
Roger for same. Below: 100 year
old Jozef healed from hump in
back declares healing of same in
Daniel — great interchange
in generations.**

There were people receiving healing, some without even having prayer, words of encouragement and prophetic ministry done by participants, and the love of the Father healing hearts that had been orphaned by hurts. One guy, Maksym, an immigrant from Ukraine, got filled with the Holy Spirit, glowed like a light bulb, and came every time the doors were opened. His eyesight was

healed, and he prayed for others to receive healing. The times of refreshment were constant and continued as we ate Aleks' delicious Polish sausage. There was this continual sharing of what God was doing through people and all by Himself! People are now asking when is the third school?!!

We also ministered Kingdom Culture material in three church services outside of Gdynia in Tczew and Elblag. We saw the same flow of the Spirit as we did about four concepts with activations in each service. Three new people were in church in Tzcew that day, and they were very touched as people ministered one to the other. Time to get the church out of the pews!!! (and into the market place!) Now they have another tool.

Top: Kingdom Culture school lunch — Polish sausage. Top right: Prophetic art in watercolor. Right: Roger and Mateusz teaching on Declarations in Elblag

Right: Line set up to pray impartation. Far right: Impart your gift to others.

Katya's wedding in Minsk was lovely, anointed, great fun, and we were blessed to help officiate. The people so rejoiced, had fun, danced the night away, and participated in an elegant reception. We also had time with Abundant Life Church, ministering in Sunday service and a seminar. Love to be with them!

We also spent a week with Pastor Pavel, Iryna, and their family and Nations Church in Wroclaw.

**Left: Katya and Tima married June 1 in Minsk.
Right: Iryna, Katya, Tima, Peter, Paul
and Pastor Pavel**

Just one last story of the goodness of God on this trip: We had a flight canceled in Krakow one Sunday night. The next morning in the LOT Airline Polish office, I saw this guy was very emotional, troubled, and trying to get a new ticket. Asked him if he had a problem, and he said he did: alcohol. (wife had police remove him from flight to NY). Told him Jesus could help, but he disagreed. Said he'd prayed every day for help; been to treatment 9 times; is a doctor, and Jesus did not love him. But, I shared that he needed to KNOW Jesus, not just to pray. He did invite Him into his life, and said now maybe God would love him. But, really neat, knew why I was there, and I could say, "God loves you SO much He sent this woman from thousands of miles away to tell you!" Just keep saying to Jesus, "I want to know you ... over and over." Have his phone number and will keep trying to reach him. Please pray for Paul. OUR cry is ever the same, "JESUS, I want to KNOW You!"

With continued joy, we are back in Farmington, and we were blessed to officiate at Sara's daughter's wedding — granddaughter Jordan and Chandler Flynn — last weekend! There is nothing better as you sense the Presence of God just cover, rest, and abide. She was a beautiful bride, and all our family was together, as well as a great contingent of friends and those from Chandler's side. It was so elegant, fun and filled with JOY!

We look forward to MORE of what God has spoken to us. We know there will be more Kingdom Culture Schools, and **we are willing to come and share, do one with your church, small group, family, however God should lead.** It is just so precious, and we learn so much, even though the concepts are basic, about what real Kingdom living is meant to be.

Thanks so much for your love offerings, continued prayer, and be blessed as you share a good word about Jesus!!! JUST DO IT!

**Jordan and Chandler
married August 3**
