Love Children Home Orphanage
Disciple Bible College & Seminary
Medical Team
Construction Team
Kids Team

October 10–19, 2019 *(inclusive of all travel to/from the U.S.)*

OVERVIEW

Our Mission Trip to Yangon, Myanmar brings us to Love Children Home Orphanage, which is a home to 200 orphans, 80 Bible college students, and headquarters for a network of 14 orphanages with over 500 orphans. Myanmar, formerly called Burma, is largely a buddhist nation that has been held back by poverty and civil wars, and continues to have a large number of orphans and widows. Celebration Church has supported Love Children Home since 1996 and continues to send financial support and mission teams to Myanmar. This team will spend time with the kids, students, and leaders during their week off of school. We have expanded our partnership in Myanmar by building a medical clinic on the grounds of Love Children Home, and opening up medical missions with doctors, nurses, and dentists. This trip will include a construction team that will do everything from helping to build a home, to repairing a fresh water well, to rolling paint. As we set off on this journey to share God's love, we will also be impacted by the love we receive. The mission of Love Children Home is that the kids would have life and have life abundantly, thanks for joining with the mission.

ITINERARY

Our itinerary is about showing God's love to the kids in the orphanage during their week off of school. Orphans often wonder if they matter. Our time with them is a big part of them knowing that they matter and are loved. We will also spend time speaking to the Bible College students and building them up as they move towards their next phase of life. While at the orphanage, we will participate in the medical clinic and construction teams. Please note, the following itinerary is simply a DRAFT. It will change based on the schedules of the directors of Love Children Home and Disciple Bible College.
