The beginning of 2021 has been very exciting for Foundations of Faith Dairy Ministry! Many of the dairies that we had not been able to visit for the past year because of COVID have allowed us to come back. We have seen 34 dairy workers come to Christ since the beginning of the year!!! We are praising God for the ways that He is working even in the midst of challenging situations!

Javier Gonzales, the new church planter at *Casa de Dios*, has been visiting the dairies near the new mobile chapel and is taking over those dairies allowing our chaplains to expand to new areas. We are now able to visit more dairies in the West Texas and Eastern New Mexico area. Arturo and AB have been able to begin Bible studies at six new dairies and are talking with more every day. Because of this expansion, we are looking to hire a new chaplain to be able to minister to these new dairies, calf ranches, and other agriculture businesses in the Texas Panhandle/Eastern New Mexico area. We are looking for a bilingual individual with a definite call to evangelism and ministry who has a heart to see the lost come to know Christ. It would be perfectly acceptable to serve in a church at the same time. If you or someone you know would be interested in the chaplain position or would like more information please contact Stanley Jones (575-760-7321).

Foundations of Faith was recently featured in a podcast produced by *Send Relief*, a ministry of the North American Mission Board. The podcast, *Stories of Hope*, is a storytelling podcast where in each episode they tell a “once upon a time...” story about a church or ministry or person who’s earning the right to share the Gospel by meeting someone’s basic need(s). We chose several people involved in our ministry to be interviewed for the podcast. Stanley and Valerie Jones, our founders, who have been with Foundations of Faith from the beginning talk about the history of the ministry. Our chaplains, Arturo Villa and AB Najera discuss

meeting the dairy workers’ daily spiritual needs. Melissa Lamb, one of our coordinators, shares how our English classes expand our outreach to the Hispanic community.

You can listen to the podcast through Apple Podcasts or Spotify. The title of our episode is *Right Under Our Noses*. You can also find a link on our Facebook page ([facebook.com/FoundationsOfFaithNewMexico](https://www.facebook.com/FoundationsOfFaithNewMexico)) or website (www.ffaith.net). Feel free to share the podcast with your friends and family!

Thank you for your support and prayers for this ministry! With all of the difficulties of COVID, please continue to pray for the health of our chaplains and others involved in the ministry. Pray for our wisdom as we look for ways to expand so that more and more people can hear the Good News of Jesus. Pray that God will send us the chaplain who can partner with us to reach more people!
