

Sunnybrook Christian Preschool and Mom's Day Out

Our school exists to serve children and their parents in a Christian program designed to let children experience group learning activities in a non-stressful way. We believe our three-morning-a-week schedule is age and developmentally appropriate.

Our Strengths:

- Christian environment (Bible stories, prayer, chapel, Christian teachers)
- Low student: teacher ratio (average 8:1 in Preschool; 10:2 in MDO)
- Emphasis on sharing, being kind, loving God
- Exposure to letters, numbers, shapes, and colors through creative activities

Children leave our preschool well prepared for Kindergarten, academically and socially, due to our balanced program of structured activities and self-directed play. We provide a warm, nurturing environment with lots of *individual* attention.

Our Mom's Day Out (MDO) program is a great first-step in helping your child learn to play with other children and be a member of a group.

Many of our teachers have taught at Sunnybrook for years. We love to get to know children and enhance their development.
