## About The North Hills Discipleship Journey

Based on the words of Jesus in Matthew 28:19-20, the mission of North Hills Church is to **"introduce people into the community of Jesus and develop passionate disciples."** But what does a disciple look like in our modern context? We hope our Discipleship Journey can provide some clarity.

A disciple of Jesus is someone who is allowing the Holy Spirit to work in their lives so that they reflect Jesus more clearly to those around us. To better travel this journey together, we've laid out a process of **four trailheads**: two that introduce people to Jesus (*Explore & Establish*), and two that develop passionate disciples (*Equip & Engage*).

Each Trailhead is composed of various **trails**, or topics, that are presented and discussed in a group setting. Studies range in length from four to eight weeks, and include topics to talk about and actions to walk out during the week. These trails are not intended to be a comprehensive list, but they are a great place to start! They encourage us to remain in Christ and to represent Him in our community.

Adding to the fun, you're invited to **hang onto this map!** We'll give you **stickers** to apply to it as you participate in various trails. And remember, just like you might walk a physical trail multiple times expecting to see new things, these trails can be traveled again as there will always be more to learn!

Thank you for journeying with us as we follow Jesus! Everyone is welcome on the trail!

# DISCIPLESHIP JOURNEY MAP

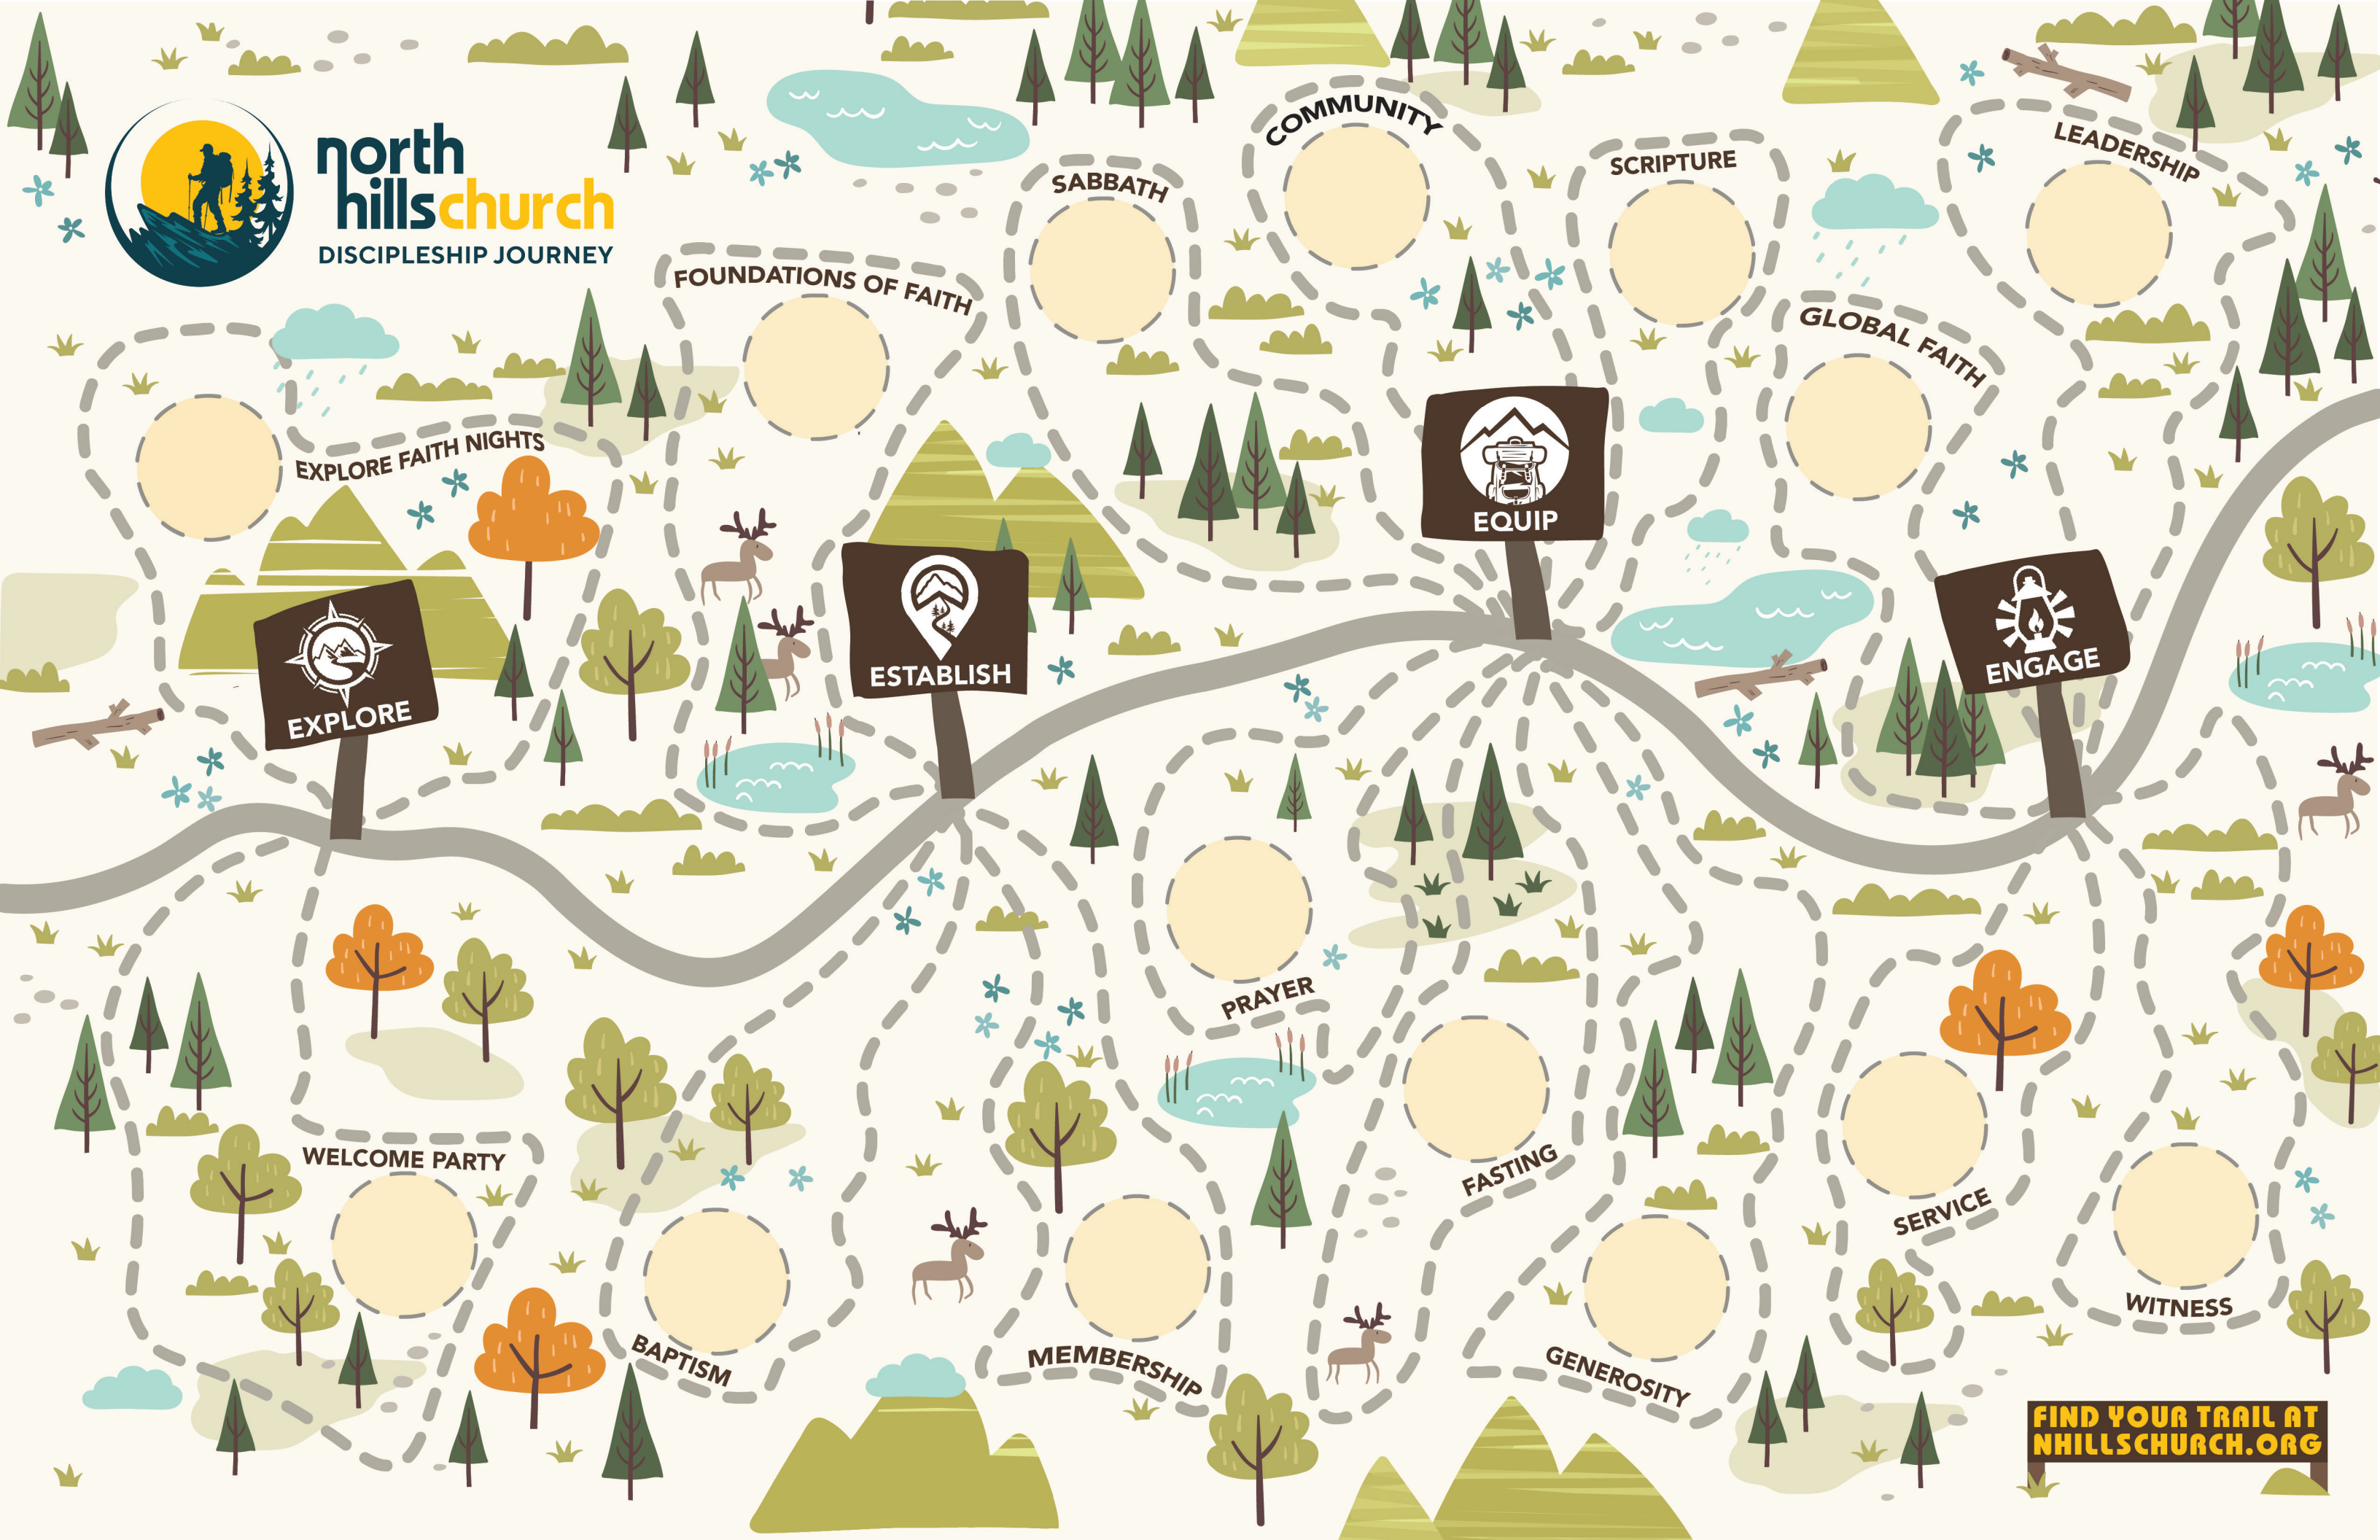

So then, just as you received Christ Jesus as Lord, continue to live your lives in him, rooted and built up in him, strengthened in the faith as you were taught, and overflowing with thankfulness.
