

## Community OutPost at Salem Q&A Part 2

### **How often will we receive feedback on usage from minute clinic, police, etc?**

**A monthly meeting** will be held with all parties to gather feedback, which will be shared with the church. There is also an annual report published each year.

### **3-county service area: where else do you provide services besides Southside or East St. Cloud?**

**There are a lot of programs for first responders in all three counties.** The Foundation also does awards for service in all areas, fundraising and connections for Brooten school, the Women of Worth program and other events throughout the three counties.

### **Will police on foot walk the beat?**

**That's up to the police department.** The existing outpost has increased public safety in the area.

### **Census data: percentage of Muslims, percentage of low income?**

This information is available in city census tracts and **wasn't part of the survey.**
