Parent Permission Form

As the parent/guardian of _____ I give permission for my student to participate in the BOSS (Beyond Our Selves & School) Program at his school during the 2020-2021 academic year.

BOSS, Beyond Our Selves and School, is a youth led prevention (YLP) program for Fulton County 5th and 6th grade boys, coordinated by the Fulton County Health Department (FCHD), with funding provided by Fulton County Job and Family Services. BOSS is a youth led prevention program during the school day that work towards tackling a pressing community issue to create change. Each group concentrates on one topic and works towards educating their school through posters, presentations, announcements or activities about that topic. With the use of collective activities, leadership skills, collaborations and similar interests, they will be able to tackle a pressing issue to create community.

The goals for the **B.O.S.S.** program are:

- youth will be empowered to act as “community change agents”
- youth will realize the value of youth-driven work and their capacity to lead change
- youth will demonstrate the ability to work cohesively despite social, economic, or cultural differences
- youth will be able to identify and access community resources
- youth will engage in the SPF process to identify issues and relevant strategies

If you do not want your son to participate in BOSS, please check this box.
