2018 Special Vaccination Clinics for Kindergarten, Sixth, & Eleventh Grade Students

By Appointment from 3:00 – 6:00 pm on the following dates:

Thursday, April 26

Thursday, May 10

If you have insurance and your physician gives immunizations, your child can be vaccinated while getting their school physical.

If you do not have a physician or if your doctor doesn't give immunizations, we are happy to serve you at the Health Department.

When you call for your appointment, you will be asked to provide your insurance information. It is important that you call your insurance plan ahead of time to find out if immunizations are covered. Knowing about your coverage will help us to determine the most affordable options for you to get your child vaccinated.

If you do not have insurance, you can still get affordable immunizations at the Health Department.

We highly recommend getting vaccinated early . . . avoid the long waits and crowded clinics in August!

Please call for an appointment soon!
