A new partnership has now been formed between BEDS PLUS and SVDP. In March 2023, BEDS Homeless Medical Respite program began accepting clients in BEDS newly opened Linda Sokol Francis Summit Service Center. The Center has 18 beds for people experiencing homelessness with serious medical conditions. The Summit Service Center offers acute and post-acute medical care for homeless persons who are too ill or vulnerable to recover from a physical illness or injury on the streets, but do not qualify for further hospitalization, rehabilitation services or nursing home care.

**Thank you and God Bless,
