

## Women's Bible Study on Jesus' Commands

Obedience is part of the honor we owe to God. There are at least 12 key commands Jesus desires of all believers such as: love, abide, trust, forgive and more. We will be exploring each of His main commands and several verses associated with those commands.

As we explore the main commands of Jesus, we will be using the S.O.I.L. Bible Study Method (scripture, observation, interpretation, life application). We will uncover Jesus' expectations of us as believers and how we are to act as followers of Christ.

Study lessons and worksheets are provided. This class requires homework.
