

Activities

Most things can now be learned by doing an internet search for the needed instructions

1. Establish a routine that is close to the school routine. Don't give in to the temptation of changing bedtimes and wake up times. You will only be creating problems when life gets back to "normal".
2. Get your kids to tell you a bible story, help them along the way by finding it in the Bible. Hint Google the story if you don't know where it is found
3. Tell a bible story and then get the kids to act it out or tell it back to you. You can do a craft about the bible story.
4. Children need to go outside everyday. Create a snow fort, or snow sculpture. Go for a walk in the bush and have a fire to cook food. Roast some Marshmallows. Listen to the Birds. Go Out after dark and Look at the stars. There are apps to help you to know what you are looking at. Is it a planet or a star or a satellite?
5. Do some school work with them. Learn something new. Teach them how to Learn New things about nature.
6. Plant some seeds and get them to keep a journal of their plants progress.
7. Ask the kids what they are interested in knowing and search for the answers together.
8. Read a book together
9. Do some Paper mache together - Create
10. Fix something around the house that you have been putting off and get the kids to be your helper. Skills are learned. remember the internet can be your friend in gaining skills
11. Do some cooking together. Make the Meal together. All boys and girls need to learn to do this while they are young.
12. Do the Laundry together. All boys and girls need to learn to do this while they are young.
13. Make sure they have daily chores to do. Teach them to serve
14. Remember that videos with Christian content are available watch them together, make popcorn, have a discussion.
