

It's almost Winter Retreat time! We will be heading to Camp Hebron for a fantastic weekend where we will draw near to God and to each other. This along with food, games, food, social time, and did I say food? And maybe, just maybe, a special surprise? New this year is that this is our own retreat! We chose the site, the speaker, the music, the theme, the activities. Everything is geared toward us having an opportunity to grow closer to God and to each other.
