

MEADOWBROOK ACADEMY

Field Trip Complete List for the 2019-2020 School Year

In a continued effort to provide a safe learning environment both on campus and away on field trips and to remain in compliance with the Jessica Lunsford Act, we are requiring the following:

- All chaperones must have the minimum appropriate certified clearance level.
 - There are two clearance levels:
 - Level 1- Local (not fingerprinted)
 - Level 2- Out of County (Fingerprinted)
- Parents with a Level 1 clearance may only chaperone or drive their own child. They are not allowed to chaperone a group of children without the presence and supervision of an MBA employee. This includes driving to and from field trip locations.
- School bus/ Charter bus transportation is required for almost all field trips.
- If using a personal vehicle, a Level 2 background checked chaperone can transport students provided they have given the office the following, at least 1 week in advance:
 - Copy of valid driver's license
 - Current proof of insurance
 - Completed driver's checklist form
