

Follow Jesus!

Above everything else is your need for all that Christ has to give! As we follow Jesus daily, He trains us how to live the abundant spiritual life we were designed for.

We learn how to have a responsive heart like Jesus, how to pray like Jesus, how to love like Jesus, how to encourage, comfort and forgive like Jesus, how to serve like Jesus, how to seek the lost like Jesus, and sharing the Good News like Jesus, and how to make followers like Jesus.

When a person responds to the Good News according to the Apostles' teaching in Acts 2:38 and is baptized into Christ, the Lord adds him to His church!

Make a Difference!

From the moment you walk into the Laurel church building, you will not only feel loved and at home, you will feel increasingly well equipped to grow spiritually, connect with others, and serve the Lord!

Our Welcome Team and members will make sure you feel at home and that your questions are answered. You will be encouraged and challenged by teaching and preaching which is anchored only in the Word of God. You will also have the opportunity to be a part of a small informal group (LIFE GROUP) where you can get to know a few people and begin to build relationships.

Every week there is an Area Outreach Bible Study near you if you would like to participate in that, and every month you have a choice of free seminars, classes, training and online video resources to help you strengthen your daily walk with God (see listing).

You can be a part of our food pantry team or work on various community projects in Laurel, Columbia and Baltimore. You can also be a part of our mentoring process!

You may even want to go on a mission trip at some point with one of the mission teams we send out to Africa, South America, Central America, France, Quebec, and the Antilles! One thing is sure: at the Laurel church of Christ you can grow and mature spiritually in many ways!

As you follow Jesus everyday, learning from Him, on Mission with Him, God will be glorified and you will be blessed with His awesome joy!
