Grapple Question:

How Do I Know if the Bible Is True?

Kids Learn:

The Bible Is Alive and Powerful

Dig Into the Bible:

Matthew 4:1-11; Hebrews 4:12-13; 2 Peter 1:16-19

At school, on television—the message that faith and religion have nothing to do with scientific fact or truth is everywhere. Actually, scientific evidence can be a great tool for bolstering young faith. Get online with your child, and hunt for websites with apologetics resources that defend a fact-based belief in God and Jesus. You can also check out your local bookstore for author Lee Strobel—he has written books designed specifically for kids. Help your son or daughter discover that there's more to faith than warm fuzzies.
