

Today I learned...

Today your child learned that God has special plans for us to work together. Children learned how Hathach, Mordecai, and Esther worked together to save the Jews from Haman's evil plot. They discovered that God's people can accomplish great things when we work together.

God has special plans for us to work together.

Verse to Learn

"The Lord will work out his plans for my life" (Psalm 138:8a).

Ask Me...

- Who wanted to hurt Esther's people, the Jews?
- Who helps you do difficult things?
- When does our family work together?

Family Fun

- Make a family message center. Cut a slot in the side of a shoe box, and set crayons, markers, and a pad of paper next to it. Encourage family members to write messages or draw pictures for each other. Each evening, have a different family member be the "mail carrier" and deliver the messages. Talk about how Mordecai and Esther sent messages back and forth.
