

EQUAL EXCHANGE – FAIRLY TRADED

Fair Trade means paying small-scale farmers fairly and investing in agricultural communities around the world. It has been several months since the last in-person Equal Exchange Fair Trade Sale was held in the church, and it is unknown when another sale can be held in the building. If anyone would like to purchase Equal Exchange coffee, tea, chocolate/cocoa, or pecans, contact Lisa Helstein at (715) 591-2072 or helsteinlk@aol.com to work out a plan for delivery. You can also place your own order at shop.equalexchange.coop, although prices for single items are higher than the price per case that we have ordered.
