

What's New with Recycling at Faith Lutheran?

- The recycling kiosk is now located in the garage.
- We are no longer accepting batteries or plastic caps. Batteries may be recycled in Weston at Battery Mart. They will accept several dozen but not 'buckets full' of AA and AAA batteries at no charge. This facility is about 1 mile north and west of the Camp Phillips exit on WI 29.

Plastic caps may now be placed, a handful at a time, inside a larger recyclable plastic container that has a screw-on top.

- Items that we still accept:

Eye glasses, cell phones, Christmas lights, electric cords and wires, electronic cables, greeting card fronts, candles, crayons, and CFL bulbs.

- NEW! Now accepting CDs and DVDs – please see separate article.
- If you have recycling questions, please call or email a Green Team member: Kathy & John Campbell, Jen & Dave Smith, Joyce Cesar, Jan Taylor, Lisa Helstein or Cathy Lau.

THANK YOU FOR RECYCLING !!!
