Teen Challenge Monterey Bay

ADULT & TEEN CHALLENGE

Thank you for partnering with us. It is because of the prayers, donations and time of people like you that we are able to make a difference in men's and women's lives. We preach the Good News of Jesus Christ. Here is how one woman's life has been touched:

I was born in Mexico and came to Watsonville when I was young. I had a great childhood and had 2 older brothers and 3 older sisters, which makes me the baby of the family.

I was introduced to drugs at an early age, around 13.

The night before I entered Teen Challenge, I was arrested and had burned bridges with family and friends. I had a choice to make when I was released. Go back to the streets or enter a program for help. By the grace of God I was saved.

After I complete the program, I plan on continuing to follow Jesus Christ, my Savior.

I have been living so lost and unsure of my purpose in life other than being a wife, mother, daughter and sister. My life was adrift in my addiction to alcohol. Teen Challenge has given me the opportunity to find my strength to live again as a child of God. I've found my love for the bible again and my relationship with God is stronger than ever. This program is showing me my worth and value to God, which I was desperately trying to find.

A NEW WAY OF LIFE FOR MEN, WOMEN AND CHILDREN
