Giving Back. Growing Together.

ORCS builds partnerships that strengthen your business, our school, and our shared community.

We highlight your company through signage, social media, and promotional materials that reach thousands of people throughout our region—just some of the ways we help each other make new, meaningful connections.

"Supporting ORCS is easy for us because we've seen the difference it makes. It's rewarding to know our support helps invest in the next generation and strengthens the community we call home."

Jim Folden, Owner
Creative Property Management, Inc.
