

HAPPENINGS

A huge thank you to Brad & Celina Holliman who came to minister to the people here in the Darien. During their stay, they did some recordings for Radio Vida and held a two day marriage conference. Their insight and ability to flow with the Spirit resulted in many

people being blessed. My prayer is that those who attended will implement this wisdom into their own marriages and that their marriages will become stronger.

The conference was attended by several high officials in the Darien community, including the wife of one of the head chiefs of the

Choco Indians and the wife of the head of immigrations which is the government voice for their tribes. They are people with great influence and who will take what they've learned and teach those under their authority. I love how God spreads His love and wisdom through our circle of influence. That is the seed becoming the harvest.

I praise God for such good teaching conferences that allow us to continually be learning and implementing His wisdom into our lives.

*We are now an
Amazon Smile Charity.*

Group Opportunities

- Men's conference - currently being organized
- Construction groups - March 2025 and July 2025
- September - Ladies conference

Ministry Needs

1. We are fixing up our old truck so we can sell it and purchase a smaller truck. We still need a truck but a smaller one. Everything is run here on tanks of propain gas . Also transporting our drinking water 5 gallon jugs are used here for drinking water.
2. Construction groups to do handyman projects.

Prayers Request

1. Please keep my health in your prayers. I am having a real issue with my back.
2. That God's word will continue to permeate the Darien jungle through Radio Vida so as to encourage and feed His children and to bring to salvation those who are lost.
3. That God will send someone here to help me in the ministry. As I age, it is becoming more difficult for me to do the arduous tasks that I once found a lot easier. ha!

Cooks Residence

- Jan 16 is our great grandsons birthday Nathan's birthday
- Jan 28 is our oldest sons birthday
- Jan 31 is our adult grand daughter Abbi's birthday

Children Reaching Children

It is very common for parents attending conferences to bring their children with them. Often the conferences are an all day event. The materials that Children Reaching Children missions program purchases allow these children to color, play and be blessed throughout the day with God's word as well. Next door as their parents are being ministered too, the children are also receiving God's wisdom that they will take with them in the form of coloring pages and good memories of playing together.
