

HAPPENINGS

Karla Valverde and Yira Sierra came to Darien to hold youth and children's conferences. The focus of the conferences was about making sure your light is shining bright for Jesus. 11 children came up for prayer because they felt that their light was not shining as bright as it once did. It was beautiful how honest the children were. It shows how hungry they are for God in their lives and their desire to serve God.

amazonsmile

We are now an
Amazon Smile Charity.

Ministry Needs

1. The ministry needs a small pick up truck. Our old 2000 truck is beyond reparable use. We need a truck to do the grunt work around the mission grounds; things like transporting the many propane gas tanks used for the ministry, diesel and oil for mowers and weed eaters, and tanks of drinking water.
2. The people here are so hungry for God. It is hard for me to keep up. Please pray that God will send someone to help the ministry meet the spiritual needs of the people.

Prayers Request

1. Please pray for my health.
2. Please pray That God will send workers to help the ministry here.
3. Please pray for Panama in the canal transition.

Cooks Residence

- Jennifer's birthday was Feb 1, 2025
- Jennifer's oldest son Josh turns 26 years old on Feb 13. Its hard to believe how quick your children and grandchildren grow up.
- Everyone else is doing well.
- Things in Darien are going well.

Children Reaching Children

The ladies gave out a very generous bag of school supplies to everyone in our Sunday school classes. 35 kids received a bag according to their ages. A school teacher prepared them according to the needs of every grade. What a blessing it is to offer help to their parents most have large families who find it overwhelming to get them ready for school. The school year here starts in March and ends in November.
