

## YOUR GENEROSITY IS CHANGING LIVES

Transitions in life are difficult, especially moving. Now imagine moving into an apartment for the very first time with nothing. The generosity of the church often times goes beyond monetary donations; it can be displayed in the forms of time and goods. Recently we had a friend of the church move from a homeless shelter to their own apartment after a lot of hard work. They had no dining utensils, toiletry items, or furniture. Through just a few messages between our members, they were able to sleep on a bed their first night, they had lights to see in their new place and more things have been given since then. Generosity is contagious! My neighbors got to meet this person as we were loading up a mattress and frame and they went inside their house and came out with a box full of eating and cooking utensils. It was out of love for this person that the church body gave, and it was out of our reflection of Christ that my neighbor gave. I don't think anything could have been more generous than that.

The mission of Hope Community Church is supported through faithful and generous giving to our ONE HOPE ministry fund. If you have not yet joined this exciting journey, we invite you to discover the joy of giving to God and seeing His Kingdom expand in your life and in our community.

## KAIROS STORY

Sometimes God breaks into my life through the experiences of other people, and sometimes God breaks through by other people telling me of other people. As many people know, our church is invested in the work of Co.Mission Toledo, and one of our members, Maliesha, is the missionary at that location. She called me and told me about an experience of one our members witnessing to a family by obediently being present in the place of relationship. (I hope to hear his side of the story next week) As she was telling me this story, she said something along the lines of "it's been so great to see the changes in this man's life through the relationship you and the rest of your small group have with him." It was then I was reminded that being in and recognizing God's presence doesn't necessarily mean that immediate change is going to happen. It could be down the line that our faithful obedience is life changing, and it may be for someone we may never meet. Going forward I will ask that God continues to give me clarity and focus at focusing on His presence and not the results. I also ask that other people help me to realize that every interaction has meaning, whether it's with someone we meet with regularly, or brief encounters throughout the day. - Jeremy England
