

YOUR GENEROSITY IS CHANGING LIVES

Children's Quizzing has been preparing all school year for the Zone Quiz meet that took place on Sunday, Feb. 24th to test their knowledge about the book of Matthew. We had a great representation of children from our East Toledo and Oregon campuses participate in quizzing this year. We are excited that they had the opportunity to hide God's Word in their hearts. We are thankful to those who generously gave their time to teach the quizzing classes on Sunday mornings, for the parents who helped their children study at home, and for the children that are interested and excited to learn God's Word. We also thank our church body for your generosity as your giving has helped to supplement the cost of the curriculum and the children's opportunity to attend quiz meets. We are so proud of each child. Congratulations to those children continuing to the District Quiz meet, which is the next level of competition.

The mission of Hope Community Church is supported through faithful and generous giving to our ONE HOPE ministry fund. If you have not yet joined this exciting journey, we invite you to discover the joy of giving to God and seeing His Kingdom expand in your life and in our community.

KAIROS STORY

Recently I have been challenging people to be bold and step out in faith to wherever God is calling them to go. What I have found is people are listening and it was surprising. Why is that? I think deep down I didn't know if I truly believed people would answer the call. I believe that it takes the full body of Christ to do Kingdom work, and God has reminded me that I actually have to empower people to do the work. I have answered the call from God to be a pastor and that was helped along by other people, so it is silly to just expect people to do Kingdom work on their own. My challenge from God is to continue to be bold, but to invite others along for the journey. If you feel God calling you into something, reach out to me (or any other pastor/leader) and let's be and bring hope to our community. - Jeremy England
