

The Mysteries of Genesis

The Story of Creation Genesis 1:1-15; 24-31

The question of our origin as human beings is such a crucial issue today.

1. The teaching of Evolution has Produced Destructive Results.

2. Here are Four Reasons to Believe in the Bible's Account of Creation:
 - It's contained in the _____.
 - _____ concludes it.
 - It is _____ by the opposition.
 - It was taught by _____.

3. Here are Six Rational Questions You Can Ask:
 - Why are there respected scientists who believe in creation and not evolution?
 - Why is there no fossil evidence of any transitional forms?
 - Why are there no living transitional forms?
 - Why aren't breeders successful in crossing boundaries between species?
 - Doesn't the big bang theory suppose an original cause?

Further reading assignment this week: Romans 1:1-32; 3:21-26

Next week's sermon: The Story of Adam and Eve Genesis 2 & 3
