

A Life of Double Portion: A Study of Elisha

Strike the Water 2 Kings 2:1-14

“Striking the water” in our own lives today means putting our faith into action which encourages three responses:

1. Strike the Water, and Ask the Question:

_____?

- Feeling uncertain about what God is doing next in our lives is quite common.
- Our walk with Jesus is about progress and growth.
- Strike the water where you _____, and _____, and where you _____.

2. Strike the Water, and Stay Close to Your Guide.

- God is faithful to guide our lives.
- God’s guidance requires us to admit our need.

3. Strike the Water, and Cancel the Audition.

- We tend to want to prove our worth to God.
- We have a choice: _____ and experience what God will do, or _____ and miss out on opportunities God has planned. So, strike the water!
