***For we are God's masterpiece. He has created us anew in Christ Jesus, so we can do the good things he planned for us long ago." Ephesians 2:10***

Think back over the past week just a bit... Sunday evening began a winter storm that affected us for most of the week, the cold temperatures changed how we took care of our homes (dripping faucets, filling buckets of water in case the toilets had none, covering plants & securing outdoor faucets), and most of us had purchased much needed food and supplies to 'ride out' the storm. Many appointments were also amended... all because of one significant weather event.

Now think over what God has done for us because of the 'one significant event' of the life, death & resurrection of His Son... daily forgiveness of sins, mercy for stray thoughts & actions, heavenly guidance through the words of scripture and the work of the Holy Spirit, and the gentle daily reminder to love one another. What I have just described to you is a life lived in God's daily moving grace. Think about it: we have sinned more times than we can ask forgiveness for, we stray in our thoughts and actions often, we lack guidance because we trust too much in our own opinions & intuition, and we isolate too much to be as concerned about others as we should be.

Our role in grace? To be a willing participant in God's great masterpiece in us and through us. Does it comfort you to know these good works have been planned from long ago? It does to me! It means I am a part of God's story of grace! Have a beautiful day in the knowledge that God isn't done with us yet, my church family!

*"The Christian is in a different position from other people who are trying to be good. They hope, by being good, to please God if there is one; or if they think there is not—at least they hope to deserve approval from good men. But the Christian thinks any good he does comes from the Christ-life inside him. He does not think God will love us because we are good, but that God will make us good because He loves us." - from Mere Christianity by C.S. Lewis*
